EASTSIDE HIGH SCHOOL 1300 BRUSHY CREEK ROAD TAYLORS, SC 29687 VOLUME 16 803 268-1571

GEGGE GEEEE

The year of the comet. Halley's comet has historically signified that a special event was coming. As it approached earth in its 76 year orbit, Eastside approached its sixteenth anniversary. The school, located in the foothills of the Blue Ridge Mountains, celebrated its "Sweet Sixteen" with enthusiasm.

Students still adjusted to Governor Richard Riley's Education Improvement Act, put in effect in 1984. "The EIA was a big undertaking for such a small state," said assistant principal Betty Workman. "Few states across the nation implemented a plan of this magnitude."

Yet, it was a time to go beyond longer school days and stricter attendance requirements. We had to perform.

Icing on the cake. Mr. Steve Morlan adjusts the sixteenth candle on the Homecoming float.

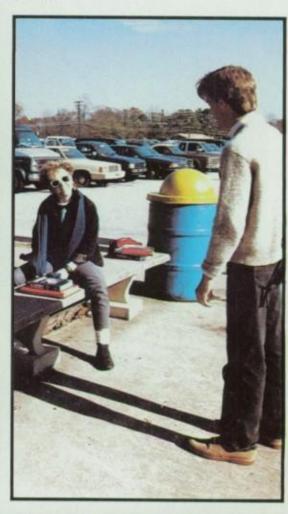

Flinging an "S", executive council member Edward Timmons changes the marquis while Student Body President Debi Zellman steadies the ladder.

Lunchbreak. Sandy Mullis listens to John Nickerson as he tells a joke in front of the school.

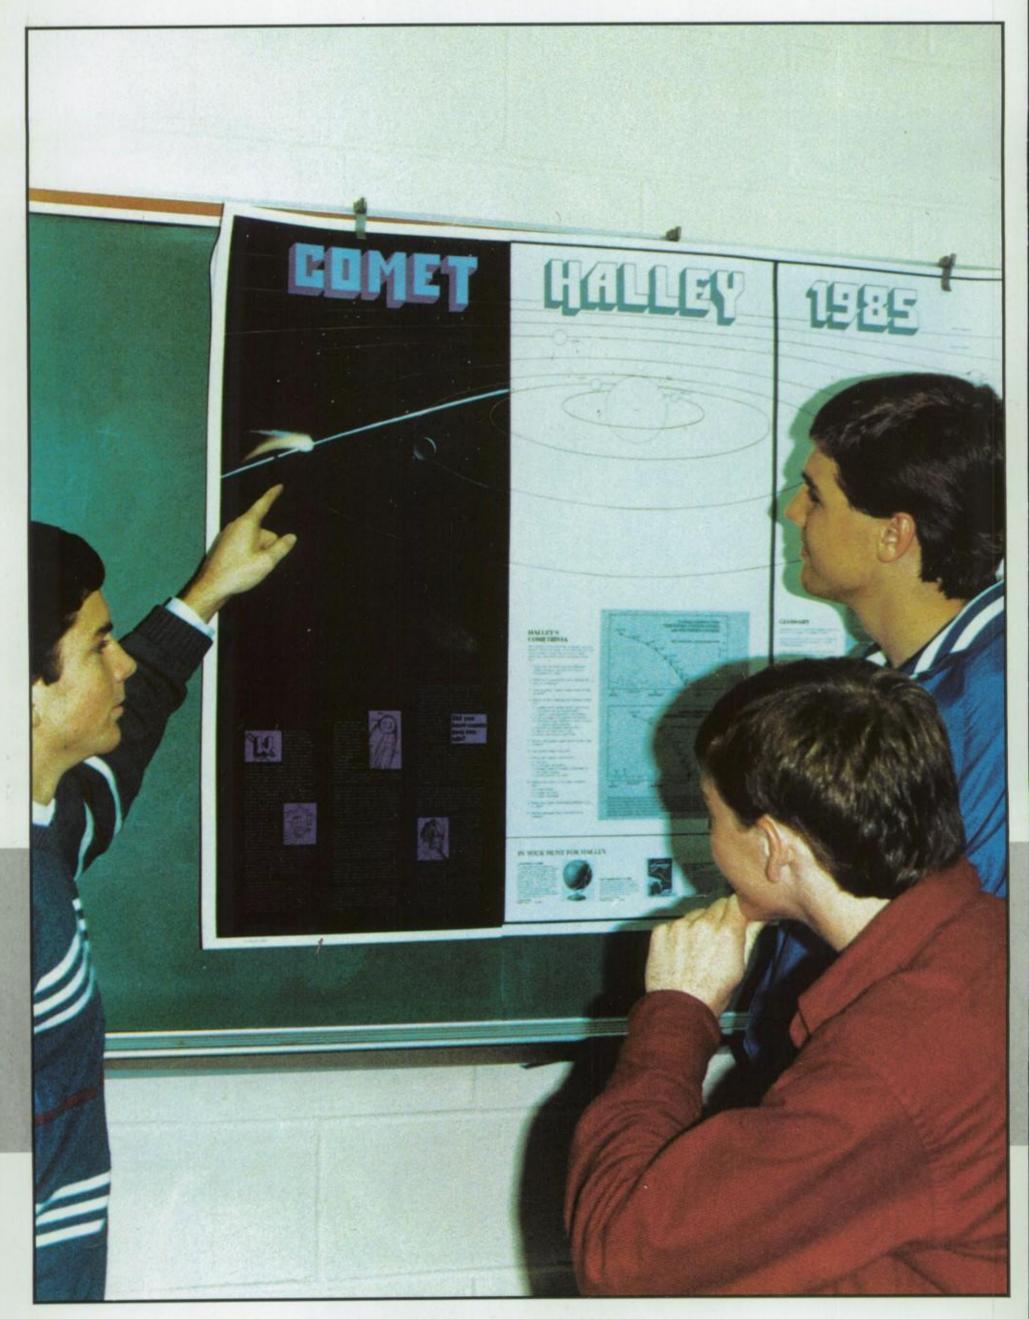

Out on the field. Band member Georgianna Parkman concentrates on playing the xylophone during half-time at the homecoming game.

Freshmen representatives, Tracy Bishop, Tina Lempesis, and Angela Walters, and their escorts anxiously await the announcement of the freshman attendant to the Homecoming Court. Angela Walters won the title.

Halley's Comet is coming! Jeff Cumbus, Chris Snyder, and John Tumer plot its course during Mr. Hovey Porter's 5th period physics class.

Happy birthday! Cheerleaders Tracy Bishop, Anne Meunier, Mieko Fox, Laura Leslie, Meg Brady, Lorry Geopper, and Kristina Walters gather around eagle mascot Mark Bagwell during the Easley football game.

EULEEE cont.

And we did. PTSA membership rose over 50% while the faculty had 100% membership. We had the highest overall Basic Skills Test scores in Greenville County. Enthusiastic students formed a Spirit Team to cheer at sports events in addition to the football and basketball games.

After two years, we once again had a school play and a musical. For the first time, many eager students built a Homecoming float to celebrate our school's birthday with sixteen former homecoming queens. As a member of the Spirit Team, Cathy Mitchell welcomed the opportunity to demonstrate school spirit. She stated, "We're proud of our school, and we want everyone to know it."

Our school was sixteen years old. And we had reason to celebrate.

Shivering on a damp day, freshmen Kim Blackwell and Jennifer Heffner smile while waiting to use the telephone.

NewsCenter Four cameraman looks on as Debi Zellman, with help from Michael Johnson and Smitty Holland of Wade Hampton High School, presents a check to Tom Keith of the Lukemia Foundation.

Out and about. Sophomore Michelynn Garner, sporting a sprained ankle, waits for her next upstairs class.

The Eagles beat the Generals! Lorry Goepper and Ellison Smith run out with a banner announcing the J.V. football team's victory over Wade Hampton.

Way of Life

"Pep rallies were great," exclaimed senior Scott Shaffer. "Everyone has shown so much more spirit." Despite fewer assemblies allowed under the Educational Improvement Act, we started the year with a surprise fire drill-pep rally.

The Mr. Eastside and Aurea Aquila pageants, May Day, and Homecoming all offered diversions from the everyday school routine. Young Life, Natural Helpers, vacations to Myrtle Beach and Europe, and football and baseball games also gave us a way to vary our life after school; jobs and hobbies gave us a way to excel. From seniors to freshmen, we were definitely shining in...

Lunch break. Juniors Wendy Holman and Stacy Mappin take a break during their fifthperiod lunch.

Leaving the nest

A-broadening experience

Many students found themselves and tee-shirts had to be facing this dilemma as they trav- crammed into already overstufeled far from Eastside this summer. One group toured Europe on an organized trip sponsered by Mr. Steve Garrett, while another group traveled to Colorado with Young Life, a Christian youth group.

Students involved in the Europe trip traveled to Nice, Paris, London, Rome, Florence, and Monte Carlo. According to Richard Kimmel, "The French Riviera was really peachy, even though there was no sand." Other popular attractions were the Hard Rock Cafe and "Punk Heaven." Punk Heaven, otherwise known as King's Road, was truly an experience for most. Students learned that what broaden the horizons of the they thought was extreme punk was only middle road in London. Perhaps the greatest challenge of the trip, however, was packing to

I ow am I going to return home. Problems occram all this into curred when purchases such as suitcase?" jackets, Italian leather goods, fed suitcases.

> Those traveling to Colorado had their own problems. However, according to Sherrie Rothermel, "The only true hardship of the trip was the immense amount of time spent traveling on the bus; the scenery, however, made it worthwhile. Those two weeks were the best times of my life." Friends became like family because they spent so much time together. Rapelling, hiking, swimming, and basketball were just a few of the activities Young Lifer's participated in.

Both trips proved travelers. Many gained not only cultural knowledge, but spiritual knowledge; thus, learning more about themselves.

A musical dinner. While at an Italian dinner, Aimee Vry, Honey Hunter, and Mary Stanford display their Italian instru-

Like my car? This popular automobile immediately drew Steffie Vry and Gina Fratturo away from Oxford University.

Nap time! Steffie Vry and Laurie Fuller snatch a few z's on the plane while returning to the States from Europe.

"Life's a beach!" Unfortunately, in this case Mary Stanford and Aimee Vry discovered that there wasn't any sand at the French Riveria.

All tuckered out. After a day of shopping in London the students on the Europe trip stopped to catch their breath.

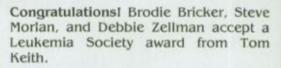

"Rub a dub, dub." While in this "tub" Young Life members relaxed after a tiring day of activities.

Jaws?! In the parking lot?! No, it's one of the prize-winning vehicles decorated in honor of Wade Hampton Week. Generals, better watch where you park!

Early Risers

Waking up for fellowship

The reason was obvious: Fellowship of Christian Athletes met Wade Hampton high schools. In every Thursday morning berore addition to meeting every Thursschool. Even though the name day morning, FCA took their annusuggested only "athletes", FCA al ski trip in January. Kent was an opportunity for all students who wanted a special time and place to talk about and listen to the influence of Christian principles in their every day lives. At and delivered an inspirational message to the members. Chris Snyder, vice president of FCA said new people, but also a time for fun

Thy did anyone want to fellowship between students." wake up earlier than usu- Also a few times during the year, al on a school morning? Eastside's FCA had combined meetings with Riverside and Workman, an active member of FCA, commented "The trip was alot of fun, and it gave everybody a chance to get to know each other even better." Overall, everyone several meetings a speaker came who participated gained something positive out of FCA. Laura Gaillard commented "Getting up early was a little price to pay, for "Not only is it a chance to meet the fellowship FCA offered to it's members."

Why is junior Julie Bostic smiling at seven o'clock in the morning? Because it is Thursday and she's at FCA.

Before leaving for school, junior Anne Meunier and senior Craig Frick laugh as they talk about the last basketball game.

Proud to be a member, senior David Cheek wears his FCA sweatshirt while working on the Christmas float for Central Spirit.

Sharing a chair with a friend, freshmen Tammy Zywicki listens to a guest speaker at her first FCA breakfast.

Students from both Eastside and Wade Hampton share breakfast at FCA together during Wade Hampton Week.

Caring students

Lend advice and listen

The Natural Helpers did. At Camp Kanuga, natural helpers attended a retreat where they were taught to be trustworthy and to cope with the problems of others.

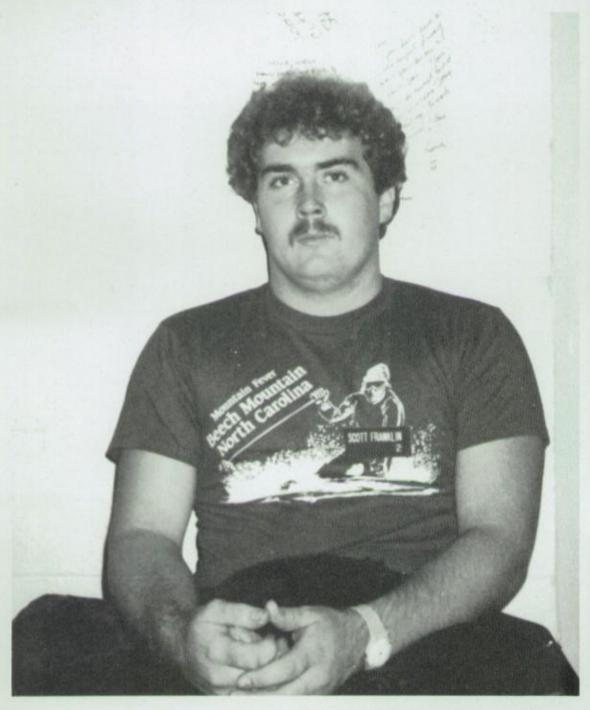

The natural helpers are selected by the student body each year. They meet on club days and at other various times during the year.

Being a helper basically involved an interest in helping others and a willingness to give up his or her time to do so.

Some of the sponsors who

also had to donate much time and effort were Mr. Bricker, Mr. Walker, and Mr. Dolge. This work obviously paid off, as the National Helpers program won a National PTA award, and was used as a model program for other schools.

With all of the extra time and work involved, students and sponsors felt it was worthwhile. Diane Gutierrez commented, "Being a natural helper has helped me to become a more well-rounded person and taught me to deal with the problems of others as well as mine own."

What a relief! Senior Scott Franklin sits down to take a break after a hard days work at Camp Kanuaga.

Leaving for Camp Kanuaga, David Dolge goes over the rules and regulations.

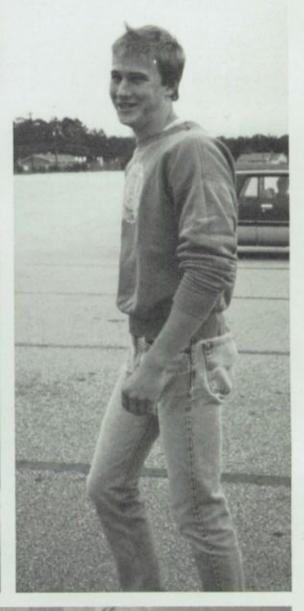

Pay close attention! Natural Helpers Billy Wasson, Mary Stanford, Jennifer Lathan, and Leigh Ann Satterfield listen carefully during a meeting.

Smile! Senior Jimmy Hinkle is happy to be home after the weekend retreat.

Having fun? Sponsors Debbie Crawford and Brodie Bricker laugh while supervising the Natural Helpers.

Helping Hands

Looking horrified, Ado Annie watches the farmers and the cowboys in a fight before the auctioning of the girls' baskets.

A new rock group? No, teachers Steve Morlan, Brenda McCorkle, Marka Wilkinson, Chuck Brown, Debbie Crawford, and David Dolge entertain during the pep rally.

Hello? Hello? Anybody there? Seniors, Parker Carlisle, Charles Matthews, and Andy Carter prepare to eat in a banana eating contest.

Your friend Four! WYFF anchorman Dick Anderson and Aurea Aquila advisor, Rene' Horton, search through annuals for the names of previous Homecoming queens.

Varsity cheerleader, Anne Meunier, and Kelli Pringle volunteer their help as they help to decorate the birthday float for the Homecoming game.

Chamber Choir director, Steve Morlan, adds the finishing touches to the top tier of the Sweet Sixteen birthday float to be used in the Homecoming game.

A homecoming

Sixteen years of sponsors

nen the fall season rolled were many things for the students witnessed the first ever Madonna to think about. Among those look-alike contest. Each class were grades, football things games, Friday night dates, and... Homecoming! When the fall fever hit the Eagles, Homecoming preparations began.

During the week preceding Homecoming, the student body was a whirlwind of activity. Central Spirit and Executive Council, with the help of the Aurea Aquila staff, Chamber Choir, and other volunteers, put in many long hours making the Sweet Sixteen birthday float for the Homecoming game. The float was one honoring the sixteenth birthday of Eastside. ties at the game.

In the Homecoming pep rally, around and the new the excitement of the student body school year began, there was brought to a peak as they picked a contestant who then performed a routine during the rally. Senior class contestant Mark Bagwell, a mock entry, won the contest and took home a trophy in honor of his achievement.

The enthusiasm mounted as the Homecoming sponsors, Varsity football players and their sponsors were presented, as well as the presentation of the previous Homecoming queens. The Varsity and Junior Varsity cheerleaders led the student body in cheering and the pep rally was topped off as The student body also voted on the classes competed against the class sponsors for Homecom- each other in the spirit stick coming and the Varsity football players petition. The senior class dissought sponsors of their own to played the most enthusiasm and participate in the half-time activi- took home the victory in that category.

Birthday court

Titles presented to girls

the crowd cheered loudly as the mented afterwards, "It really Homecoming Court took the field. meant a lot to me to win after all Football sponsors were escorted the hard work I put in with Central by the players' fathers, while the Spirit on the Homecoming float class sponsors were escorted to and the pep rally. It seems like all the field by their own fathers.

The crowd grew quiet as the finally paid off." winners from each class were with Molly McEachern winning Miss Junior and Lisa Matthews taking the title of Miss Senior. The title of Maid of Honor went to Mara Levy, and as she took her place in in the cafeteria." the Homecoming Court line-up, the remaining girls waited anx- was provided by the band, The iously for the announcer to present the title of Homecoming Queen. The receiving line for the Homecoming Court; Cameron Carlisle, Jamie Bricker, 1984-85 Homecoming Queen Julie Ligon, and Brodie Bricker.

Homecoming Queen, Lia Fuggitt, boards the Sweet Sixteen birthday float with Elmo the Eagle and grins proudly as they circle the stadium.

Catching the festive mood, Elmo the Eagle dons a hawaiian shirt and a birthday hat in celebration of Eastside's sixteenth birthday.

Barbershop Quartet and some of the previous Eastside Homecoming queens ride the Homecoming float as it circles the stadium during halftime activities.

Receiving congratulations from principal Brodie Bricker, Lia Fuggitt accepts a bouquet of roses as Julie Ligon and Mr. Frick, her escort, look on.

Escorted by Bill Snyder, Mara Levy is caught all smiles as she takes her place in the Homecoming Court line-up and waits for the presentation of the Queen.

Backstage crew

A united effort pays off

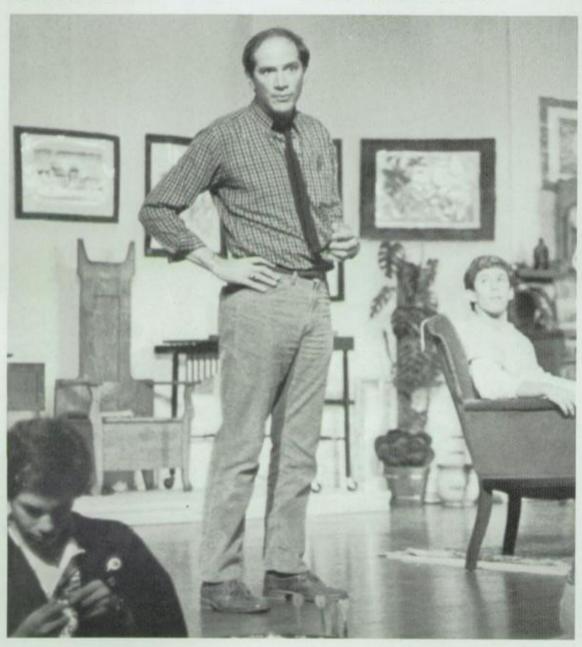

Tervously pacing backstage, cast members of "You Can't Take it With You" awaited the rising of the curtain. Two months of rehearsing, set construction, and costume design all came together at one timeopening night.

Over 150 students tried out for the production, and only nineteen made it. Practices were held after school for two to three hours. "Practices were hard, and allowed very little time for studying, but we Rothermel commented, "Getting had a really great time putting every thing together," commented Karen Morrow.

The sets for the play were done by the art students, as well as teachers, David Dolge, Steve Morlan, and Kay Farmer. Leigh Balentine, a junior, commented "A few students stayed after school to paint the set. It was a lot of fun and I enjoyed doing it."

The Fine Arts Center, David Dolge, and the actors themselves provided the costumes for the comedy.

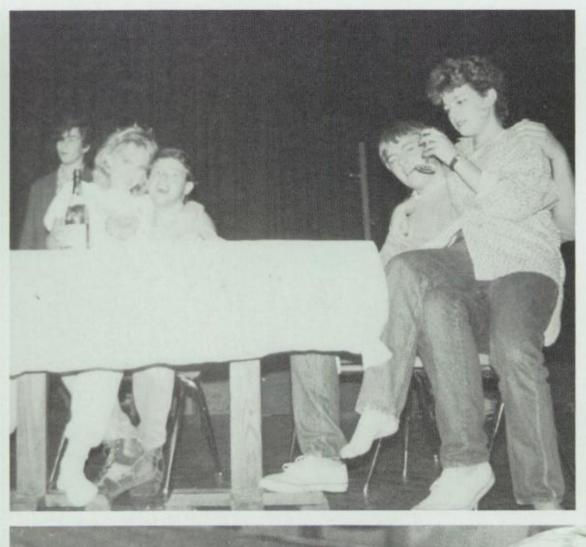

Having the first line, Sherrie the first laugh of the play made the entire two months of practices and hard work worth while."

Exasperated, play director David Dolge shows his concern during the final days of play practice.

Don't fall! Freshman Mark Foertsch doesn't want to slip off the ladder as he helps prepare stage props.

Just fooling around, Karen Morrow, Blair Waddel, David Boyd, and Kathy Wren, play around during play rehearsal.

Tacking the carpet the to the stage floor, juniors Brad Wright and Jimmy Yamshack complete preparations for the play.

The cast of "You Can't Take It With You" goes through another of many rehearsals getting ready for their opening night performance.

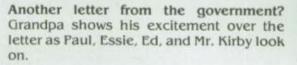

Boom! Paul Sycamore and Mr. DePinna converse about the fireworks they invented.

That's all wrong! Boris Kolenkhov, known as Scott Franklin, gives a dance lesson to Essie.

Shining stars

Brighten school stage

Many student actors and actresses commented that the hugs, smiles, and encouragements they were greeted with backstage helped them make it

through the entire play.

"You Can't Take it With You" was about the Sycamores, who lived with their grandpa, Mr. Vanderhof, who believes "you should enjoy life and do what makes you happy." As a result the zany family went about living life to its fullest. Essie danced, Paul made fireworks, Penny wrote, and Grandpa collected snakes. Alice's engage-

inally opening night came. ment to wealthy Tony Kirby, however created a conflict. The resolution of this conflict provided the story line.

> "The comedy was funny and very enjoyable. I thought the actors and actresses did a great job," stated junior Cindy Krause.

> The students in the play, along with student director Bianca McHugh and director David Dolge grew to be like family and were sad that all of the hard work and excitement of "You Can't Take it With You" was over in just three nights.

Painting a portrait, Laura McHugh, who portrays Penelope Sycamore, shares her dazzling smile with the audience.

Now listen kids! Alice, Grandpa, and Tony talk about marriage.

hy was there a lull in the ing at home, catching up on the conversation between soap operas, or watching football students at lunch, on games. The free time this holiday

During the week the students

Feast your eyes on this! A traditional Thanksgiving meal consisting of turkey, green peas, and ambrosia, decorates the table of Rene Horton.

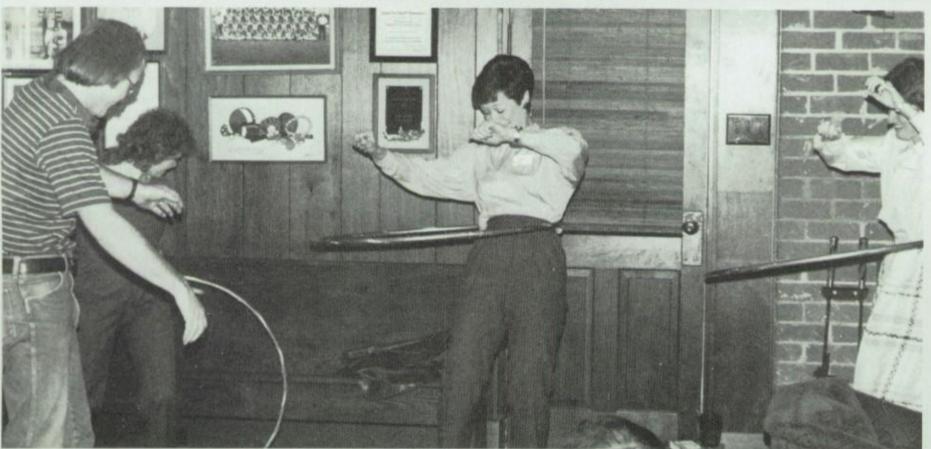

Merry Christmasl Santa Claus waves the crowd gathering for Greenville's downtown Christmas parade. St. Nick is the official sign of the holiday season.

Get a grip. Brodie Bricker, and Lloyd Walker, assistant principal, clown around at the faculty Christmas party, as David Dolge watches with laughter.

All together now. Faculty members Steve Morlan, Debbie Crawford, and Lillis Smith dance and play bells at the same time.

Twist and shout! Charles Brown, Betty Howard, Susan Burch and Sara Dunlap try their best to hula-hoop and keep a straight face at the same time.

Happy New Year! Holidays come to a close

during the assembly, students could not help thinking about how they would spend their students, the time off from school meant not only a visit from Santa Claus but also visits to or from relatives.

Other plans included college football bowl games, and shopping, of course! For some, however, the vacation meant working harder than usual or taking on new part-time jobs at the shopping malls or speciality shops. Senior Leah Johnson, an employee at

ven though the music and The Body Shop, in the Greenville entertainment were great Mall said, "Between Thanksgiving and Christmas Eve is easily our busiest time of the year."

The students, however, were Christmas vacation. For many not the only ones who had something to anticipate. The faculty also had something to look forward to; their annual Christmas party. According to Rene Horton, "The faculty Christmas party is always a lot of fun because, for a change, the teachers can just sit back and relax." The holidays overall provided the break from school, which both the teachers and students needed.

"We wish you a Merry Christmas!" The Chamber Choir sings Christmas carols atop Eastside's winning float in the city of Greenville's annual Christmas Parade.

"Deck the Halls." This junior bulletin board is just one of the many signs of Christmas which decorated the halls during the holiday season.

A Celebration. The winner of the 1986 Miss Aurea Aquila Pageant, Kassandra Britt, shares her Joy with Senior Kim Grimsley.

A questioning host? WFBC air personality, Chris Scott asks Charlotte Whelan, "Where would be the first place you would take a person visiting Greenville?"

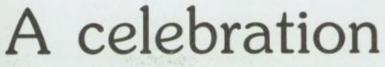

Flash those winning smiles! The sophomore contestants turn on their charm as they return to stage, for the final line-up of the casual wear competition.

Let's Dance. Senior Amy Koerber and fellow dance partners make the audience roar with laughter during their playful dance to "Whupin It."

Sporting the newest in designer glasses, junior Christina Gaskins chews on a "lollie" while listening in class. "Lollies" and sunglasses were all part of Wade Hampton Week festivities.

The eyes have it! While creating some "eye-opening" artwork, junior Julie Ferguson catches this photographer in action.

ELLACEE CATCHEE

The sixteenth anniversary of our existence brought more than just a celebration. With it came a culmination of changes, both architecturally and academically, that through the years have kept our school in the spotlight. From the addition of a new wing to the receiving of an EIA grant, we grew with the times.

On the first day back-to-school, classes filled with a variety of people ranging from first time students to veteran teachers who have been members of the faculty since the school opened in 1970. Jane Rhodes commented on a change she had seen in student attitude since then. "In 1970, the students were able to be more involved with the school because it was so new and they played a part in decisions such as choosing the mascot and the school colors."

We were off to another promising year and we set out to prove that what made us shine was our...

people

Shout it out! Karen Morrow, Steffie Vry, Laurie Fuller, and Jennifer Cooke make use of the cheerleaders' pom-poms to show Eagle spirit during the Cheerwine Cheer-off at Haywood Mall.

Hall of Fame

In January, the faculty was asked by the Aurea Aquila staff to nominate several seniors who, in their opinion, exemplified ideal students. Each teacher nominated three students who excelled in the areas of scholarship, leadership, and school service. The top eleven were then chosen and placed in the Hall of Fame

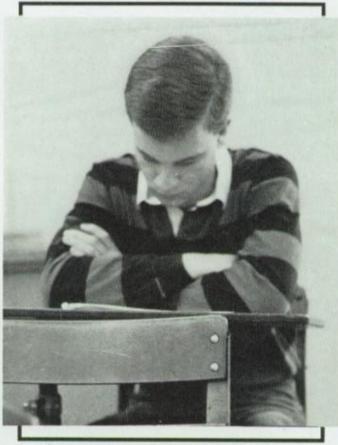

Jenny Fowler

Jenny showed her artistic prowess as she decked the walls of Eastside with her work. A member of the National Art Honor Society, she was also named Art Student of the Month.

Aimee Vry

In addition to being a member of the Varsity Cheerleading squad and Central Spirit, Aimee also kept up her academic standards and was inducted into the National Honor Society.

Edwin Beckham

Edwin made his way into the Hall of Fame as he excelled in all three areas of nomination; leadership, scholarship, and school service.

Parker Carlisle

Parker showed his leadership abilities in athletics by playing on the Varsity Football team. He planned to use his academic and athletic abilities to attend the Citadel.

Charlotte Whelan

As Advertising Manager of the Eagle's Cry, Charlotte showed her leadership abilities as well as her willingness to serve others.

Beth DeHart

An active member of the Varsity Cheerleading squad, Beth was also involved in school service as a member of Central Spirit.

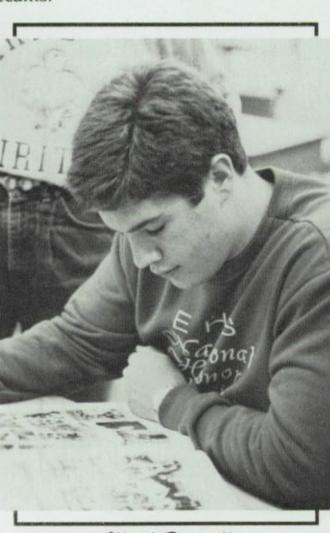

Beth Benston

An active member of the theatrical and musical productions at Eastside, Beth also managed to excel academically as a member of the National Honor Society.

Becky Barbary

Becky proved herself to be a worthy Hall of Fame-er as she excelled as a member of the Varsity Girls' basketball team. She also made the All-State and All-Region teams.

Mark Bagwell

Mark served the student body as a member of Central Spirit, as well as by becoming Elmo the Eagle, the Eastside mascot.

Jennifer Lathan

Executive Council member Jennifer Lathan excelled in the areas of leader-ship and scholarship as she made her way into the Hall of Fame.

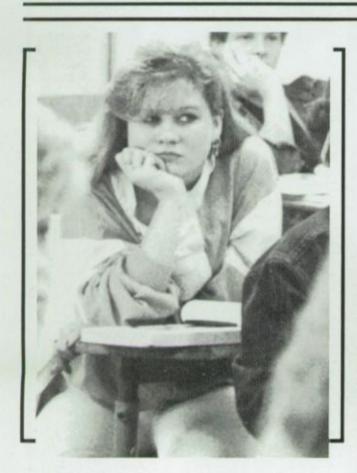

Sandy Watkins

Serving as Editor of the Eagle's Cry, Sandy proved herself worthy of the responsibilities of leadership and earned a spot in the Hall of Fame.

Senior Gallery

Senior students voted on Senior Gallery representatives. They chose people whom they thought put forth outstanding effort into such areas as academics, art, athletics, drama, journalism, leadership, music, and spirit.

Senior Gallery was quite an honor, considering that only one person received the award from each of the eight categories. In addition, the "Gallery Students" represented the entire senior class.

Drama

Leslie Kline

Leslie, an aspiring actress, has taken theater and drama classes at the Fine Arts Center. Her performances in many plays qualified her as the choice for drama.

Academics

Honey Hunter

Although soft-spoken, Honey has always stood out from the crowd because of her academic talents. Her attitude toward her school work was admired by her peers.

Spirit

Mark Bagwell

When you think of Mark, you think of Elmo. Not only was Mark our mascot, Elmo the Eagle, but he was also a member of Central Spirit. Because of his spirited personality, Mark was the seniors' choice for spirit.

Journalism

Laura Johnson

Quill and Scroll recipient, National lonor Society member, and co-editor of he yearbook - these are just a few of the esults of the many after school hours ind hard work put in by Laura.

Art

Jenny Fowler

If you need a portrait painted, contact Jenny. She has taken art all four years here and has helped with play scenery and other school projects. Jenny also won the Martin Luther King, Jr. award for art.

Music

Beth De Hart

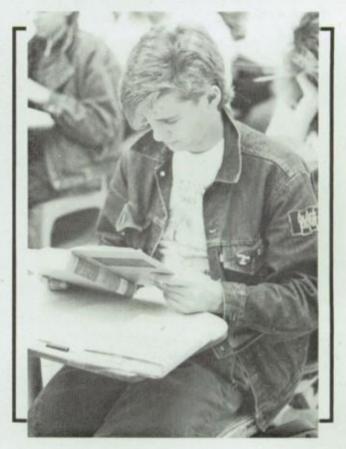

Sweet music - that and other abilities helped Beth to achieve the lead role in "Oklahoma." A member of Honors Chamber Choir, Beth has received a perfect score in the all-state audition and was in Honors All-State Choir.

Athletics

John Kaminski

Retaining the highest school basetball scoring average, John has been hosen for the 1st All-Region team. He was also C&S Bank's Player of the Week and the 3rd person to score over 1000 areer points.

Leadership

John Nickerson

John was chosen by his peers to represent leadership of the senior class.

It's a good time for the great taste . . . As a part of his after school job, senior Don Arthur fixes hamburgers for some hungry Eagles.

Working class

"Help Wanted! Inquire within ..."
Many seniors answered this call and many others like it during the year in the hope of finding part-time employment. Whether it was perusing the want ads, pounding the pavement, or receiving information by word-of-mouth, seniors found a way to track down employment possibilities.

Some seniors got jobs in order to begin saving money for college. Others saved their hard-earned dollars for beach trips, clothes, car payments, and football games, not to mention all the other forms of entertainment they enjoyed on the weekends. Senior Staci Kay, who worked at Wendy's, said, "I'm spending my paychecks on my boyfriend and the Senior Cruise, and it's taking them all!"

Pat Andress, a senior who worked at TCBY, a yogurt shop, said, "I enjoy working because it gives me something to do besides go to school; of course money does have a little bit to do with it!"

So whether it was to save money, fill time, or learn job responsibility, many Eagles became official members of the working class rat race.

Bag those groceries! Working with a smile on his face, senior Bret Petropoulas earns his spending money by working at Family Mart.

Dessert anyone? Senior Barry Duvall displays a cake from the bakery department at the local Family Mart grocery store.

Eccentric pastimes

Flying, sailing, windsurfing, and carving - these are some of the unusual hobbies seniors had outside of school.

Obie Garrison learned his hobby of flying radio controlled model airplanes from his father when he was fourteen. Obie remarked, "I like the aggressiveness and quick thinking it requires. It's a good outdoor sport."

Beth DeHart has been sailing all her life and windsurfing for two years. She stated, "I acquired my interest for sailing from my father who has been sailing since he was twelve years old." Beth also recommended her hobby to others. She commented, "Sailing is a fantastic way to spend a relaxing, carefree afternoon in the sun!"

Linoleum block carving was another of the unusual hobbies. Lynn Goodwin chose this hobby because, as she put it, "It's unique." She has been carving since eighth grade. She said, "I practice my hobby whenever time and money permits. I highly recommend carving because it becomes a part of yourself. It's like personalized building blocks." These were just some of the many diversions seniors participated in during their spare time.

Linoleum? As her hobby, Lynn Goodwin carves a horse design in linoleum, then uses the block to print a piece of art. This design, in return, can be reprinted many times.

All around eagle town

With the start of a new school year came a whirlwind of social activities. Whether it was gathering with friends to munch out on pizza, cheering on the Eagles' football team, or getting together at post-game festivities to socialize, everyone found a way to spend their weekends.

One of the more dominant hotspots known to the senior class was the Burger King on Haywood Road. Affectionately known to most as the "B.K. Lounge" or just plain "B.K.", this hangout was a favorite site for gatherings on the weekend. Senior Michelle Shelton, who worked at Burger King, stated, "I met a lot of the friends I have at Eastside because they always came in when I was working."

Other places frequented by the Eastside upperclassmen were Pizza Hut, where friends got together to socialize and pig out on their favorite pizza, and the Bijou, where many of the upperclassmen chose to take their dates to the movie of their choice. It was also a place to just gather with friends when, as senior Staci Kay put it, "nothing else was going on."

Maria Psychas, another senior, summed up her feelings by saying, "It's not so much what you do or where you go, it's who you do it with."

Going for an afternoon bite to eat, Maurice Acuna, David Candler, and Fernando Acuna meet at the Burger King restaurant, a favorite eating spot for the Eagles.

What's next?

A student walks into a large, dark tent and sees a fortune teller, seated at a table, gazing into a crystal ball...

Many seniors would have loved that easy way out concerning their futures, but they had to make that important decision themselves.

Most people said they were going to college or getting a job. Stephanie Shetley had already made her choice. She stated, "I'm planning to go to college in the fall. A college education is almost necessary these days to get a good job."

The SAT, Scholastic Aptitude Test, tested seniors' abilities in English and mathematics. Taking the SAT was mandatory for acceptance to entering most colleges. The PSAT, a "Pre-SAT," was a practice test before the "real thing." Patti Farley commented, "The PSAT prepares you and gives you an idea of what the SAT will be like."

Marmee Brown's opinion of the SAT was, "Colleges should not let the SAT have a big influence on admission. Performance and participation in school should be looked at first."

Really? Lisa Aiken, Kelly Barton, and Paula Clark discuss their plans for college. Each one dreaded the idea of possibly having to take the Scholastic Aptitude Test.

A class act

Many underclassmen only knew Aimee Vry, the varsity cheerleader. They recognized her first as a cheerleader, and for good reason. Aimee cheered for Eastside for the past four years. During her years here, she seized every opportunity and became one the school's most "involved" students.

As a sophomore, Aimee was captain of the junior varsity cheerleading squad. As a junior, she served as a Junior Marshall during graduation ceremonies. She was also nominated to become a member of The National Honor Society. In addition, she was an active member of Central Spirit for the past three years.

Because of her widespread participation in school activities and her academic achievements, she was inducted into The Society of Distinguished American High School Students and Who's Who Among American High School Students. Aimee commented on her years at Eastside, "I feel very lucky to have attended a high school where opportunity was always knocking."

Varsity cheerleader, Aimee Vry, reviews the activity schedule for Wade Hampton Week before finalizing plans for the Senior Slave Auction and pep rally.

An information gold mine

MONEY! That's what seniors thought about when they heard the word "coin." However, many discovered the word COIN also meant Career Occupational Information Network.

Seniors this year had the opportunity to work with the COIN computer. They used the computer to obtain information about the colleges which interested them or to obtain information about various occupations.

Students used the computer during their study hall or before and after school. Librarian Caroline Rice said, "A good many students took advantage of the opportunities the computer provided." Those who did not have a study hall filled out forms so the librarians could retrieve the information for them. Senior Raju Gavurla commented, "I think the COIN computer was very helpful because it told us the qualifications we needed for admission to various colleges."

Reviewing future college possibilities, Maurice Acuna gives the COIN computer a workout. Students received printouts on job qualifications and college requirements.

Seniors for sale

Ever since the landing of the first Dutch ship containing black slaves, people in America have fought slavery. However, one day the seniors changed that opinion.

As part of Wade Hampton Week, approximately sixty seniors became indentured servants for the day, in order to raise money to contribute to the spirit competition with Wade Hampton High School. The class donated the proceeds, approximately one hundred dollars, to the Leukemia Foundation. Kami Sellers, a senior who participated, said,"One of my best friends died of leukemia and I thought this (raising money) would be a good way to remember him." Although this was Kami's primary reason for participating, she also felt that,"it was really interesting belonging to Blair Waddell for a day."

In addition, several underclassmen supported this idea wholeheartedly. For freshmen, the event presented an opportunity to obtain revenge. Many seniors who were known to refer to the freshmen as "Baby Eaglets" found themselves performing menial tasks for their "superiors."

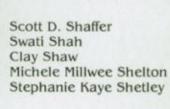

Main attraction. Seniors, Traci McVay, Monica Montgomery, Karin Schroeder, Missy Hergner, and Amy Keasler are auctioned off to the highest bidder by Mr. David Dolge, during the senior slave

Two close to call

As summer ended and the school year began, students tackled the task of making good grades. For some, it meant longer study hours, spending time after school for extra help, and even personal tutors. But for seniors Lauren Burnette and Honey Hunter, it meant renewed competition for the top position in the senior class rank.

Early in their senior year, these girls were tied for first with a 4.23 grade point average. When asked about how the pressure affected her, Lauren replied, "At the beginning of the year, the thought of being tied with Honey made me nervous because I thought any mistake or low grade I made would blow my chance. However, now I feel that all I have to do is my best and that is all anyone can expect."

A.P. European History, A.P. English, A.P. Calculus, and A.P. Computer Science were four of five classes shared by the girls. When asked about the amount of studying involved, Honey stated, "I have always felt I should study for my tests because it goes against my conscience not to."

All in a day's work! In Coach John Ingles' economics class, honor students Honey Hunter and Lauren Burnette review the day's notes. This was the only non-Advanced Placement class shared by the girls.

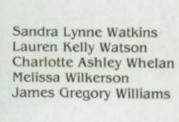

Jacqueline Wilson Laura Suzanne Wood Kathy Wren Kenneth Scott Young Deborah Ann Zellman

Eagle

What's he really like? Many students asked this same question while watching Elmo (Mark Bagwell), the Eastside eagle, perform at games and pep rallies. In an interview with Elmo, the Aurea Aquila staff was able to uncover some information from Elmo's personal life.

AA: How old are you?

Elmo: I'm at the tender age of one.

AA: How did you get your name?

Elmo: My father, the bald eagle, gave it to me.

AA: What's your favorite food?

Elmo: Egg-foo-young.

AA: What are your hobbies?

Elmo: In my spare time, I like dropping special "suprises" on the windshields of

Wade Hampton students.

AA: Do you have any "chicks?"

Elmo: I used to fly around with Tweety Bird, but we split and now I'm 'nesthopping.''

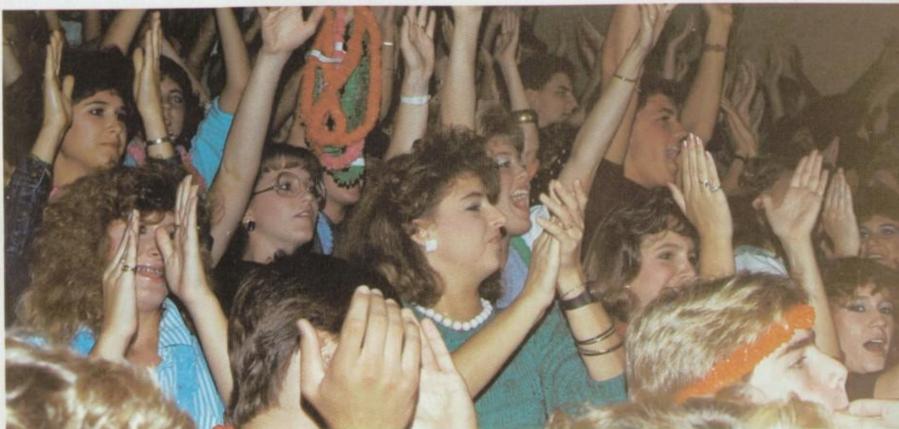

AA: What made you choose Eastside as

your home:

Elmo: I always wanted to wear the "Blue and Gold."

Standing tall, Elmo the Eagle appeals to the crowd on Homecoming night. Helping to celebrate Eastside's sixteenth birthday, Elmo came dressed in his best birthday suit.

Ecstatic seniors come alive as Elmo generates excite ment at the Homecoming pep rally. The enthusiasr captured the spirit stick award.

In harmony, juniors Blair Waddell, Paxton Beardon, and Vernon Craig along with choral director, Steve Morlan, perform at the Homecoming pep rally.

A future rocking success

Most American teenagers have, at one point in their life, dreamed of being rock stars. For three Eastside juniors, this dream just might come true. Members of "Dread Scott" have been working their way up to the top, since their beginning in 1982. Placing fifth at "The Battle of the Bands" last year was a major accomplishment for such a young group. Derek Smith, drummer, Steve Tucker, lead guitar, and Dave Comer, lead singer spent their afternoons and Saturdays practicing at Derek's house. Because of the complaints the Smith's received, Derek and his brother Steve, a 1982 graduate of Eastside and temporary bass guitarist, carpeted the walls and ceiling of the basement. According to Derek, "It was pretty bad at first; we even had a deputy sheriff come out to the house, but now everything is just fine and we're loving it more than ever." Steve Tucker sums up the greatest asset of being in this band by saying, "Some day I might be able to perform in front of thousands of people, and perhaps even make lots of money doing it."

To play or not to play. This decision was a mandatory one as members of "Dread Scott" attempt to begin practice.

Tale of the roving Stone

FREE! An all expense-paid trip to Los Angeles! Sounds too good to be true? For junior Bill Stone, what many people dream about became reality.

Bill started on the road to Los Angeles when, in his sophomore year, a panel of judges selected him to represent Eastside at the Convention of the Hugh O'Brian Youth Foundation, for outstanding sophomore leaders, in Charleston, South Carolina. At this convention, the students met with state business leaders. Another panel of judges selected Bill and another representative from 190 students to represent South Carolina at the eight-day International Convention in Los Angeles.

In Los Angeles, Bill toured the city and attended 22 seminars on America's Incentive System. He also met with other buisness and political leaders. In all, Bill saw the experience as profitable because, as he said, "I learned a lot about the business and political aspects of American society."

One in 190. Bill Stone, South Carolina's delegate for the Hugh O'Brian Youth Foundation, discusses powder puff with coach Andrew Meunier.

As she concentrates on finding an answer to a problem in her Algebra Two class, junior Rita Romano discovers she has not finished her homework.

Huffing and puffing, Tony Romano attempts to blow out the candles on his cake at his family birthday party. Tony is one of Rita's many brothers.

Stacey Mappin Shannon Martin Jeffery Massey Tracy Matthews Dottie Maxwell Tom Mazurowski

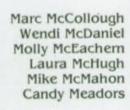

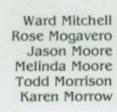

Just how many are there?

Tired of being someone's younger brother or sister? Wish you could establish your own identity? Imagine how Rita Romano feels as she follows the path her nine older brothers and sisters created for her.

Rita's oldest brother, now twentynine years old, was a freshman at Eastside the first year it opened. Every year since, Eastside has had at least one Romano. Rita was the only one here this year and will be the last of ten Romanos to graduate from Eastside.

When asked how it felt to be the youngest of ten kids, Rita had mixed emotions. "One of the advantages is that my parents are more understanding because they've been through everything nine times before. But one thing bad about being the youngest is that I get treated like a baby," says Rita.

As far as teachers are concerned, they all seemed to ask Rita the same thing: "How many more are there?" Rita said, "It's kind of a joke. When I walk into a class at the beginning of the year, the teacher usually comments, "Oh no. Another Romano?"

A case of familiar spirit

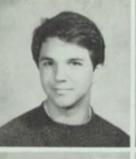

"We got spirit, yes we do, we got spirit, how 'bout you?" To many students the answer to this question was "No, we don't." In this time of need, however, the Eastside Spirit Team came to the rescue.

Two juniors, Blair Waddel and Christina Gaskin, were among those who founded the organization to lift school spirit. They met to decide ways to improve spirit and formed the Spirit Team.

The team met before sports events to create banners and cheers for the students. Members of the team also provided transportation to the the games, and, after the games, as Blair said, "went out for good, clean fun."

Junior Mike King, publicity director for the team, said, "We hope to get as many underclassmen as possible involved and a sponsoring teacher so it can continue as long as possible." In general the Spirit Team hoped to always be able to help students "get a little bit rowdy."

Swangin' and Swayin'. Spirit Team members Paxton Beardon, Blair Waddell, and Mike King help lead junior cheers at a pep rally.

An official kind of class

The task of picking those who would get the job of leadership done was a big challenge for sophomores. They elected class officers and executive council members to plan and sponser their activities and projects throughout the year.

These officers had to prepare the sophomores for their role next year as juniors getting ready for the prom. Traditionally they used the magazine sales campaign to raise money. They also used a car wash for means of raising money for the annual event of the senior prom.

Kevin Varner, president of the sophomore class, stated, "I ran for sophomore class president to get involved in school activities, and to better my class."

"This year's class officers provided the leadership that was necessary to promote school spirit within the sophomore class," commented Clint Gwaltney.

Executive Council members Karen Snyder and Carlen Groce agreed that "the sophomore class officers worked well and showed much enthusiasm."

From academics to athletics

David Garner and Clint Gwaltney are two examples of the versatile student body at Eastside. As sophomores, David and Clint each maintained a high grade point average and lettered in a varsity sport: David in tennis, Clint in soccer. Both agreed it took discipline, organization, and hard work to excel in academics and athletics.

David began playing tennis when he was five and has competed in tournaments since the age of seven. He expressed hopes to play tennis in college but did not forsee himself playing professionally. David said "I'll probably play tennis socially until I die. That's the great thing about tennis-you don't see fifty-year olds playing football on Saturday!"

Soccer has been a major part of Clint's life for the past ten years. Clint stated plans to incorporate soccer as a major part of his future, by playing in college and possibly coaching afterwards. Clint commented, "Even though I can't play soccer forever, I will always be involved with it - more than likely by being a coach, and always by being a fan."

Watch out!

Once they were fifteen years old, many sophomores could not wait to get their beginner's permit in order to learn the privilege of driving. Some, however, discovered that actually driving was not as easy as watching someone else drive.

"When I first started to drive," recalled Laura Smeaton. "I'd start in gear and stall...unfortunately, in the middle of Pelham Road! I'd just panic and forget everything. What do I do next?! I've finally mastered shifting gears, now."

Sophomore Michelle Ozzimo also had trouble shifting gears. She said, "As I was sitting at a stop light trying to look cool with black shades and everything, I noticed two cute guys sitting next to me. The light turned green and I casually tried to pull out of first gear. Unfortunately, I stalled the car. The guys smiled and pulled away, leaving me very red and deflated."

Learning to drive certainly was not easy, but the trouble was worth the time. Sophomore Barbra Pohl smiled, "Now I don't have to rely on my parents or sister to drive me everywhere."

One down, two to go

Many sophomores felt that their second year of high school was b-o-r-i-n-g; however some students looked on the brighter side and found that being a sophomore wasn't so bad after all.

Jill Howard remarked, "Being a sophomore makes me feel more like an upperclassman. Freshmen look up to me." Mark Weathers added, "I like my sophomore year because the academics aren't as demanding. There is more freedom for electives."

Eric Taylor mentioned, "As a sophomore, you know your way around better." Karen Snyder stated, "I don't have as much homework this year."

Hytham Mobarak summed up his feelings about his status when he said, "The best thing about being a sophomore is that you are no longer a freshman."

Lack of respect?

What's so great about being a sophomore? It's hard to say. Freshmen were off to a new start; juniors were ready to be seniors; and seniors were prepared to graduate. What about sophomores? According to many sophomores, the excitement of knowing they would be upperclassmen next year was something good about the second year of high school.

Varonica Underwood believed that being an upperclassman next year would be great. She commented, "We're finally moving up!"

Respect was an additional aspect of being an upperclassman many sophomores looked forward to. Nancy Madden, another impatient sophomore stated, "Finally, we'll have some respect! "Richard Felton added, "Now we're respected in society. We don't worry about the things we used to be."

Jill Howard summed up many tenth graders' opinions when she declared, "It's wonderful to be able to move up, but it's hard to realize that I will only have two years left of high school."

While studying diligently, sophomore Alton Dickey waits after fourth period to discuss his schedule with his counselor, Margaret Blackwell

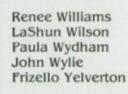

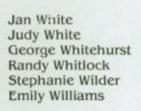

Fresh start

"Wow!" "I'll never find my way around." These statements were examples of those heard when freshmen entered on the first day of school. As these thoughts went running through freshmen's minds, so did the worry of how their study habits were going to change.

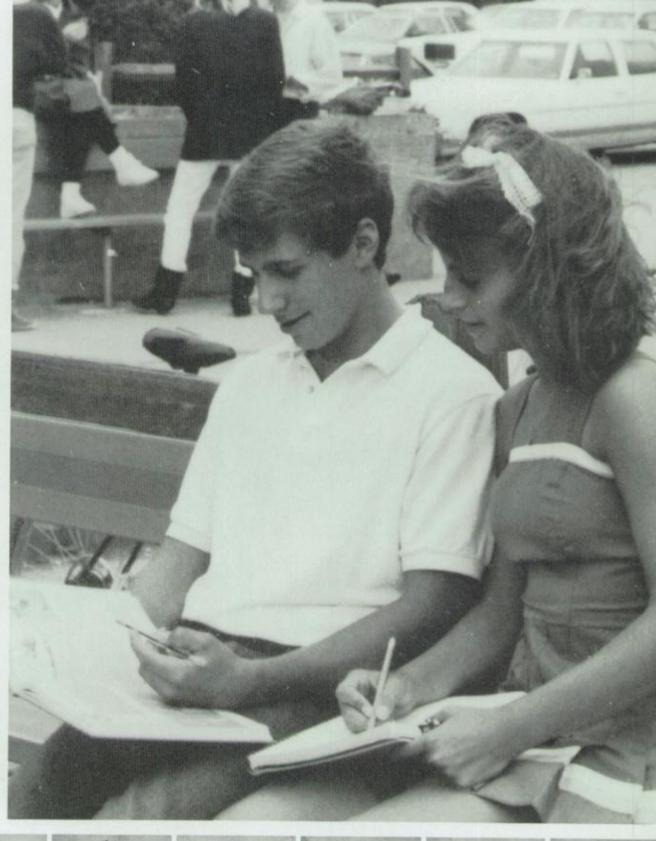

Allison Vry was one freshmen who realized this difference, "There's much more material to study and less time to study it, so now I get right down to work and really concentrate on what I'm doing."

Freshmen also discovered that it was easier to do the work ahead of time, rather than to postpone it until the night before. Franklin Wallace said, "I've been studying a little each night."

Some students took advantage of their lunch period by going over their notes with a friend before a test. Kelly Smith stated, "Studying with a friend is helpful because you can quiz each other on the material."

Freshmen soon adjusted to the change in their study habits, as they did to the other aspects of being in high school.

Studying during lunch? Yes, junior Tim Schneider helps prepare freshman Tracy Bishop for her next test.

Advantages in involvement

One way to become involved during the first year of high school was by running for an office. Many freshman decided this would be an excellent chance not only to meet new people, but also to show their leadership ability. Those ambitious freshmen were Laura Benston, class president; Jamie Schug, vice president; Dana Clark, secretarytreasurer and Angie Boyette, Mary Francis McHugh, and Jeff Phillips, Executive Council members.

Selling sweatshirts and helping with Wade Hampton Week were only two of the many fund raisers the officers planned for the year. Laura Benston promised, "We plan to make this class a good class and we want to start off on the right foot."

Frosh straight to the top

"Freshmen!" "Freshmen!" The freshmen class yelled as they suprisingly won their first pep rally as "Eastside Eagles."

The baby Eaglets surprised nearly everyone, including themselves, when their number one spirit was given the spirit stick award. "We knew we were loud, but we didn't expect to win since we're freshmen. All of the freshmen participated in the pep rally with the cheerleaders, and were very attentive," stated Mieko Fox, a freshmen cheerleader on the Junior Varsity squad.

Many upperclassmen disagreed with the decision of the judges, Sarah Dunlap and Betty Howard. They pondered over the freshmen victory since they did not know what to do. They did not even know the alma mater.

Mrs. Howard commented, "The freshmen showed the most spirit. They were continually cheering when the other classes were not."

This freshmen spirit stick victory was very unusual and was something the freshmen class could be extremely proud of.

"The mighty Eagles are number one!" Baby eagles Lisa Collins and Sherri Coleman show off their eagle spirit as they cheer on their class in hopes of winning the spirit stick.

Vincent Wardlaw Tammy Warner Richard Warren David Watson Kevin Welmaker Ray Werts Kati Whiteman

Todd Wilbanks Chip Williamson Brian Wilson Dave Wilson Gloria Wilson Ryan Wilson Allen Wong

Brad Wood Monica Wren Jim Wright Tracie Wright Tammy Younng Susan Zaglin Smiling at her discovery, assistant principal Betty Workman finds the information she was looking for on a student's record.

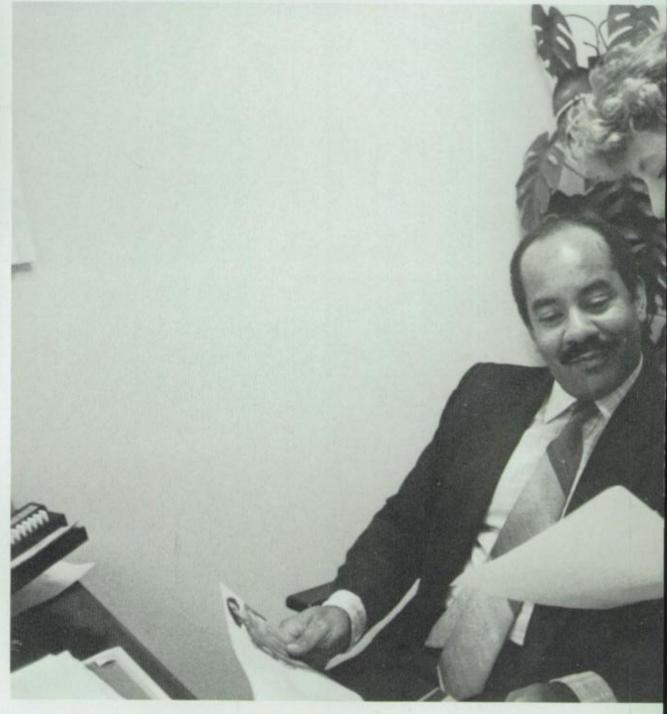

While helping senior Chris Wardlaw, adjust his schedule, Patricia Green, senior class counselor, attempts to find alternatives to his scheduling problem.

Hmm, let's see now . . . Junior class counselor, Margaret Blackwell reviews a student's file as she checks for academic qualifications.

Here to help

Sixteen years and still going strong ... the 1985-86 school year ran smoothly with principal Mr. Brodie Bricker as head of the administrative staff. Assistant principals, Mrs. Betty Workman and Mr. Lloyd Walker, also helped make up the staff.

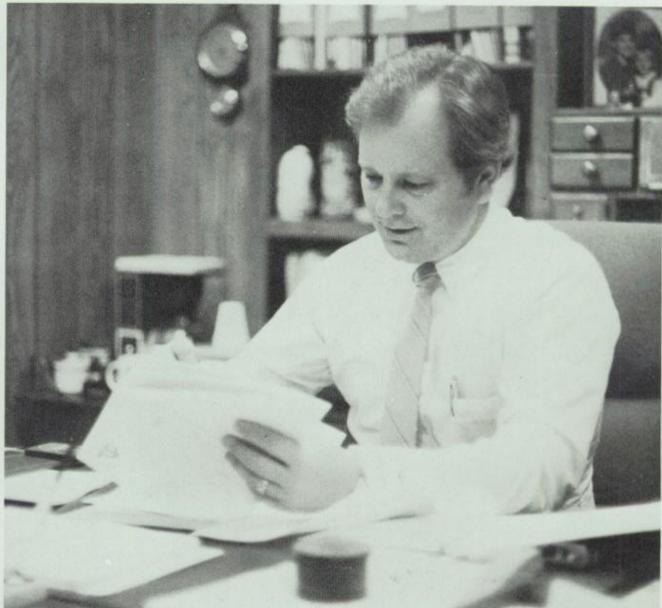

Completing the staff were counselors Ms. Margaret Blackwell, Ms. Anne Ivester, and Ms. Patricia Green. Their primary purpose was to assist students in developing to their fullest potential in academic success, as well as for personal happiness and good citizenship.

The administrative staff was strong because they worked together. Mrs. Workman stated, "Mr. Bricker, Mr. Walker, and I work as a team. We meet

Sixteen years and still going strong periodically to discuss mutual problems he 1985-86 school year ran smooth-

When the school was built in 1970, Ms. Workman was serving as a counselor. Mr. Bricker became principal in 1977 and in 1980 Mr. Walker became the assistant principal. All of the administrative staff recognized Eastside's accomplishments over the years: the curriculum had broadened with honors and advanced programs offered, the sports program had grown to include more student participation, and special programs had been initialed, such as Natural Helpers, a peer counseling program. Mrs. Workman responded, "I feel this is a plus for Eastside."

Papers, papers, and more papers. Brodie Bricker has many responsibilities, including making important decisions concerning the school.

Eager to help, vice principal Lloyd Walker attentatively listens as Junior office helper, Leigh Balentine, asks him a question concerning early dismissals.

FACULTY

And the answer is . . . Academic team sponsors Mr. Terry Bruce and Mrs. Phyllis Richmond prepare for another after school practice.

Often forgotten

The custodians, cafeteria workers, and office workers made three staffs which were invaluable to Eastside. All three staffs had difficult jobs to do. Often times, students failed to recognize the efforts of these staffs and did not realize the hard work these people did every day. Junior Jennifer Cooke said "Until I had dentention after school, it never occurred to me that keeping this school clean was such a hard job."

The custodians were here each day before eight o'clock in the morning and did not leave until the halls, foyers and classrooms were spotless. Junior Jyothsna Gavrula commented "Compared with a lot of other schools in Greenville County, Eastside is really clean."

Students who waited in cafeteria lines were probably thinking "What's taking so long?" But what they did not

The custodians, cafeteria workers, office workers made three staffs the cafeteria staff was on schedule and was doing their best. They had to serve estaffs had difficult jobs to do. Often over five hundred students daily, and to do that took organization.

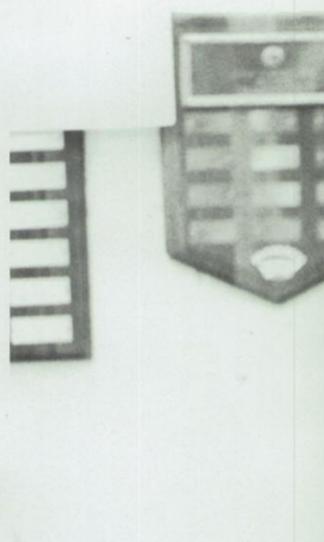

Working in the office was more than answering the phones and taking messages. Peggy Fleming, Deanna Johnson, and Jean Thomas took a tough job and made it look easy. Beth DeHart, a senior, commented "Whenever I needed any help from the office, I was always given complete cooperation along with a smile."

In spite of the fact that students often took these staffs for granted, the workers made sure of three things. Both students and faculty had a clean school, a nourishing lunch to eat, and a cooperative and efficient office staff.

All smiles the cafeteria take time out of their busy schedule to put on their dressy hats and pose for a picture.

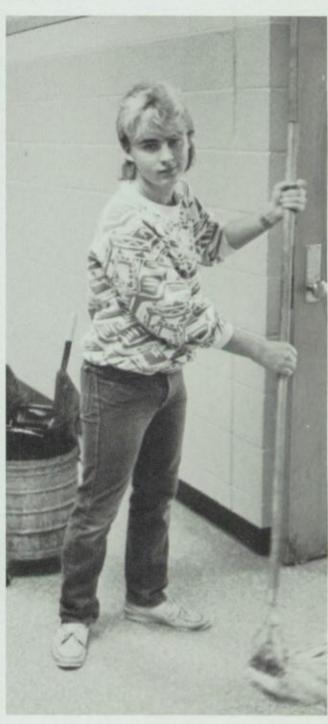

After finding a student's phone number, Deanna Johnson is ready to call a parent to confirm an early dismissal.

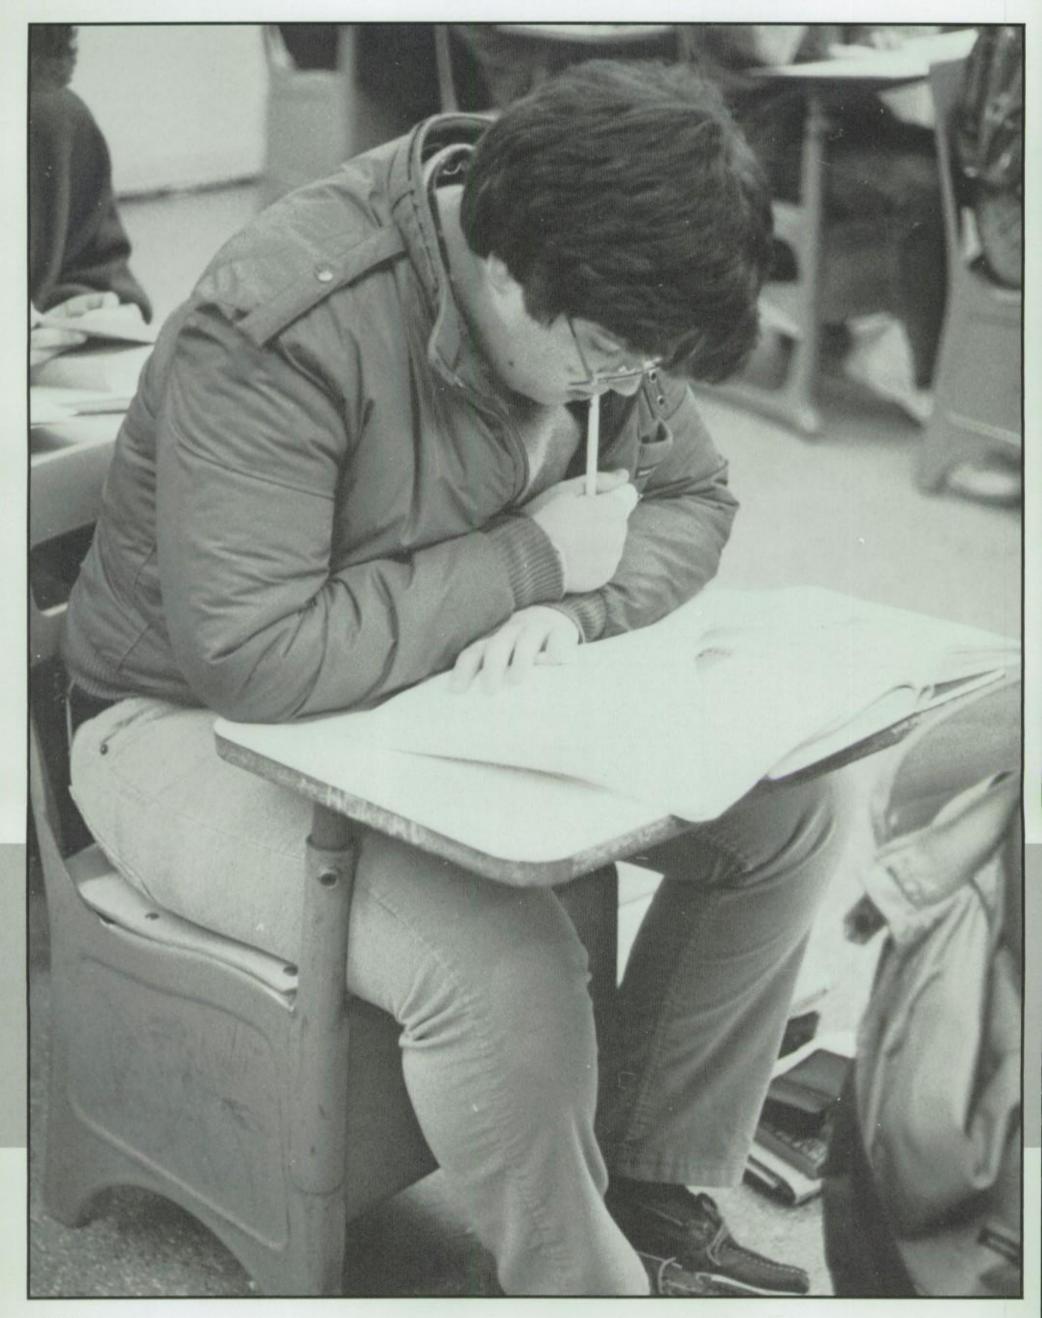

Lending a helping hand, sophomore Matt Jones mops the upstairs floor while serving on detention after school.

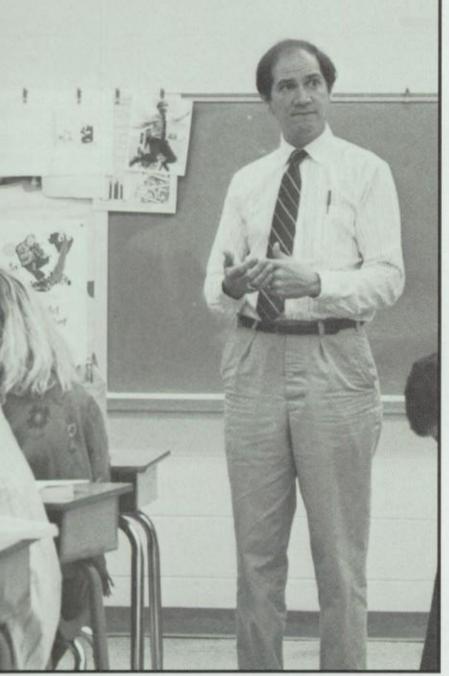

Soup's on! Enjoying their daily work, cafeteria workers Jannell Timblin, Myra Sewell, and Becky Brown get ready to serve lunch.

116 Academics Divider

Hmm. Junior William Morse puzzles over irregular -ar verbs in his sixth period Spanish II class.

A dramatic pose. Mr. David Dolge listens to a students comment in his drama class.

School was a time for socializing with friends, showing talent in such activities as the school play, and playing sports. But most importantly, it was a time for learning. Sixteen years ago, many of the English, science, math, and social studies classes were semester courses. Now most courses are year-long. An honors and advanced placement program was added later; along with special interest programs such as Foothills, Fine Arts Center, drama, and computer math. This year's additions were photography and a PASCAL computer class.

"The intellectual level of students has risen since 1970," commented Ben Knighton, a history teacher here since the school opened. "I started with fifteen students in my A.P. U.S. History class about ten years ago. This year I had 64, probably the largest number in the state."

Sixteen years brought much change, but we were still shining in...

Cat out of the bag

There is more than one way to skin a cat. How many ways are there? The possibilities are virtually endless. Now the secret is out. During the 1985/86 school year, there was more than one

"I didn't find enough at the school that challenged me as much as being on the Academic Team did."

-Joel Mahathey-

way to represent the school's academic ability. Again there were many possibilities, but two certain ways were to join the Academic Team or to aquire the status of a Merit Scholar.

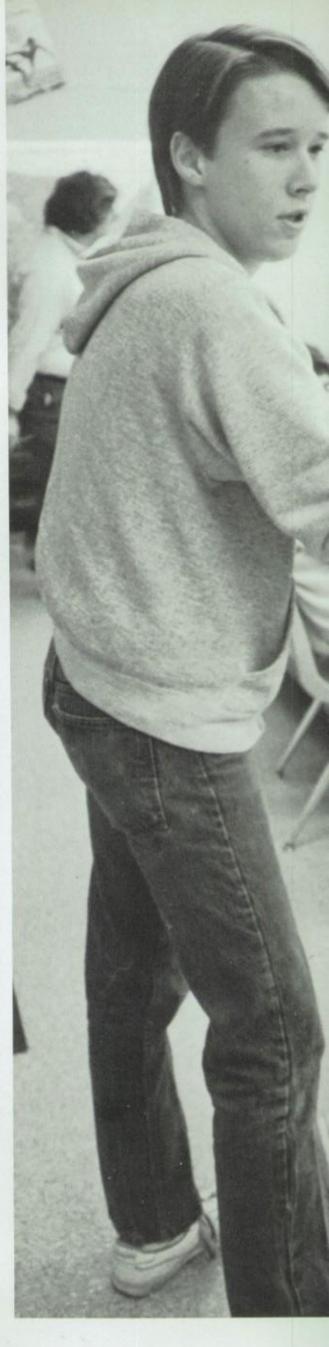

The Academic Team, sponsored by Mr. Terry Bruce and Mrs. Phyllis Richmond, was open to any student who wished to attend the practices held during the week. The members answered questions asking things ranging from the number of laps in the Indianapolis 500 to the function of the cathode and anode. Competitions included the Scholastic Scoreboard and the Winthrop Challenge.

Anthony Francais, veteran member from the 1985/86 season, said he participated on the team because, "I like to represent the school." Also, he commented, "It's fun."

The school announced the Merit Scholar semifinalists in the fall. According to Jed Harvey, one of the semifinalists, the state set the minimum PSAT score nessecary to become a semifinalist. Those who scored above this on the PSAT in their junior year then wrote an essay describing their career interests. Finalists received notification in the spring.

Jed said there were several benefits to those in the program. He said "it provided corporation-sponsored scholarships" for the finalists. He added that businesses might contact the students in the future, based on career interests they stated in their essays.

In general, students had many opportunities which helped both the student and represented the school, as well as resulting in possible future benefits. And, all were certainly more humane than skinning cats.

"That would be...uh." Jed Harvey, Merit Scholar semifinalist and member of the Academic Team attempts to answer a question for his side at practice.

An analytical mind. Alicia Avery, a Merit Scholar semifinalist, listens to a lecture in analytics geometry.

Poised on their buzzers, Joel Mahathey and David Stevens await the next question at an Academic Team practice.

"In the interest of world peace." Model UN Club member John Corbitt, representing South Africa, speaks on the issue of terrorism.

2 What is the psychological term that alludes to a triology of plays written by Sophocles? Oedipus Complex.

Department of excellence

Creative success

about many changes as a result of The feedback we receive from colleges Governor Dick Riley's Education Im- tells us that Eastside students are well provement Act. The results of these prepared and in no way lacking in changes became more apparent as the English skills."

"Eastside has so many fine teachers, I felt honored that they would have selected me to represent them."

-Bonnie Bridges-

85-86 school year got underway. One of the E.I.A. changes was the renaming of the levels of the English courses. These new levels were designed to enable students to move more easily in relation to their capabilities and rate of learning. Mary Barkman, head of the English department stated, "There are many advantages concerning this new concept. It is in agreement with what the county curriculum setup states."

Another change that was felt was the additions to the English department. These teachers were Pat Schabel and Debbie Howard. Ms. Howard was a reading teacher whose course strived levels in the reading area on standardized tests as well as the PSAT and SAT Year award claimed by Bonnie Bridges.

Mary Barkman stated, "Eastside years.

The 1984-85 school year brought has a very strong English department.

Other things beside strictly academic events took place in the English department also. Such activities were Great Gatsby Day sponsored by Susan Burch; the Victorian Chritmas sponsored by Marka Wilkinson; and a new event called Trivial Pursuit.

Jane Rhodes, an English IV teacher, came up with the idea of the Trivial Pursuit game to aid her students review short stories, plays, novels, and poetry that they had covered in class. The students came up with ideas to organize it and to formulate questions in different categories.

Great Gatsby Day was another interesting occurrence in the department. Susan Burch's tenth grade honors English classes did a study of the twenties and used their knowledge at Great Gatsby Day. On this day during fourth and fifth lunch, the students performed plays, skits, and silent movies portraying the twenties era.

Another great accomplishment of to strengthen students' performance not only the English department but of the entire school was the Teacher of the Mrs. Bridges has taught for seventeen

Sophomores Michelyn Garner, Rosemary Parat, and Emily Williams do their part in the annual Greek Day, which was sponsored by Marka Wilkinson.

Seniors Lynne Goodwin and Melissa Ellenburg put up Rene' Horton's Christmas bulletin board during fifth period.

Sophomores Sandy McCuso and Ana Quattlebaum look their best during the Victorian Christmas sponsored by Marka Wilkinson.

Seniors Bethany Borry, Allison Nagy, Bianca McHugh, and John Corbitt of Jane Rhodes' English class play the Trivial Pursuit game in which students make up their own questions.

3 Which foreign language teacher's family once owned the land where Eastside is now located? Steve Garrett

A cultural experience

Foreign affairs

How could a student experience the culture of a foreign country without actually having visited the country? The obvious solution was to take a foreign

"I really like taking foreign languages because I think it's fun to learn about the cultures of different countries."

-Wendy Therrell-

language!

Many students included a foreign language in their schedule. Some students took both French and Spanish. Junior Wendy Therrell, who took both French I and Spanish III said, "I really like taking foreign languages. I plan on traveling a lot in the future, so this should be beneficial." Kent Workman, a junior who visited Europe last summer, added, "Having already taken French I,II and III helped to make my trip to Europe more enjoyable and helped me to have a greater appreciation for the life styles of other people."

Some students, however, did not take a foreign language because they were interested in the cultures of different countries, but because of the Governor's Education Package. Starting with the class of 1988, it was necessary to have two units of a foreign language in order to graduate.

Taking a foreign language also helped students prepare for college. More and more colleges required students to take foreign language courses in order to graduate. Also, the scores of students taking a foreign language on the SAT proved to be higher than those who chose not to study a foreign language.

One of the rewards for doing well in a foreign language was for a student to be in the Spanish or French Honor Society. In order to have been in either, it was necessary to have at least a "B" average through his first two years of taking the language. Senior Mary Stanford, who is in both the French and Spanish Honor Societies said, "Foreign languages are a nice break from my other classes, and I enjoy them."

Est-ce que tu veux achete les drogues? Junior Gina Fratturo is in the state of shock after Senior Beth DeHart asked her if she wanted to buy some drugs in their French III skit.

Dance Fever. Senior Ashley Boyette, pretending to be Deney Terio teaches senior Mary Stanford a dance step while junior Anne Meunier moves with the beat of the music.

No cheating. Steve Garrett carefully watches his French I class during a vocabulary chapter quiz.

Los Verbos. Marian Rice explains the proper conjugation of the -ar verb to her Spainish I class.

4 How many times is a Roman numeral's value increased if it has a line over it? 1,000

Something Used every day

A "prime" class

of the earliest known written mathematics. Today there are many different kinds

"I like the way you can work a problem many different ways and still get the right answer." -Colleen Dall-

of math ranging anywhere from the basic math functions to complicated equations and algebraic proofs.

Whereas some students disliked taking math courses, others favored the subject. Bridget Grindstaff, who took Elementary Algebra II, said, "I like math

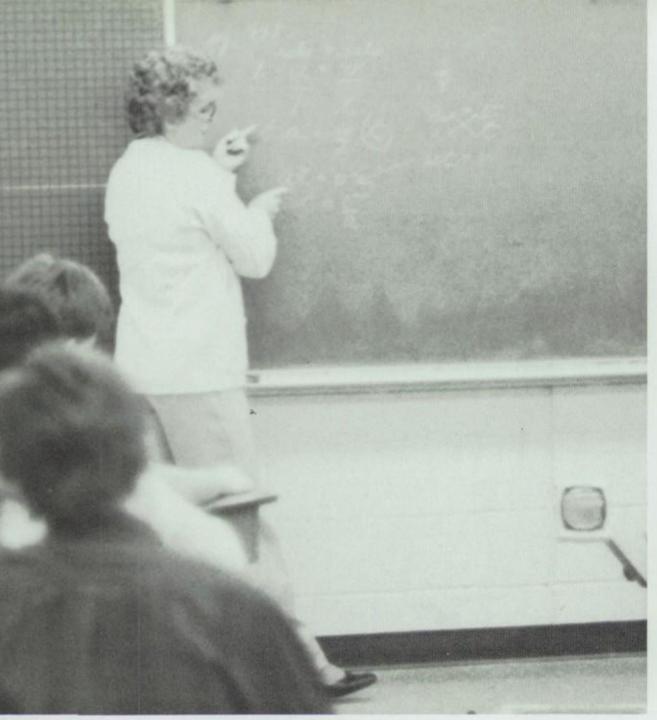

2,000 B.C. is the approximate date because I have always liked to work with numbers, especially in algebra. I think of the numbers as a kind of challenge."

> "It really makes you think. It's like constantly solving puzzles," remarked sophomore Pam Burnett.

> Math is something one uses constantly, and when asked if it should be a required subject, Honors Algebra II student Pam Burnett added, "Yes, math is something you use all the time in everyday life, not just in math related occupations." "Just about any career you pursue will require some type of math skills," said Muriel Arney.

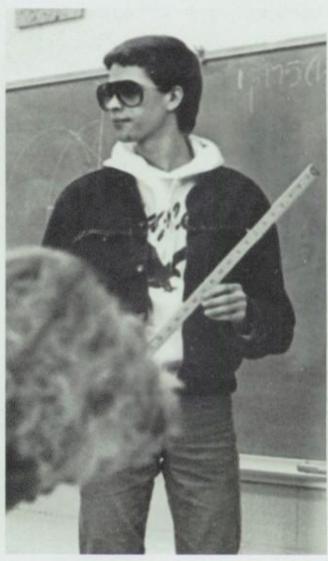

> Math exercises the mind and requires it to think logically, and most Eastside students wanted such a course to aid them in the future.

Students listen attentively while Mrs. Lillis Smith explains a homework problem in her algebra class.

Teacher swap day gave Mike Thompson a chance to "tell how" instead of "ask how".

The moment of truth. Kent Burnett and David Brodrick show their expressions on receiving a test grade in Mrs. Howard's Algebra II class.

A sophomore at work. Jamie Sipple checks over her homework before her math class starts.

5 Who is the maker of the water and natural gas fixtures in all of the science rooms? The maker is T & S Brass

Science class past the rocks

The blab about lab

forces students to learn complicated formulas, work incredibly difficult prob-Iems, and study rocks. Right? Wrong. The courses also offered opportunities

"I feel that the science courses here will prepare me now for college courses so they won't be so hard."

-Margie Esper-

and experiences through classroom study and through labs, which many students found useful and interesting.

There was a wide range of activities involved with the science courses, ranging from examining microorgananisms in termites' digestive systems in AP Biology to attending Clemson's Physics Day in Physics I. Students learned such things as how to balance chemical equations and the operations of the human circulatory system.

The school's curriculum offered, in addition to the courses to allow students to get their required credits of science, classes such as Honors Biology and

Science: a required course which Chemistry I. These courses were for anyone with an interest in further learning or a desire to prepare themselves for college sciences.

> In addition to the normal lecturing and testing, labs were a large part of many science courses. Labs allowed students to study in detail those organisms and scientific equipment and principles they had learned about in the class. Labs provided for a great deal of hands-on learning which would not be otherwise possible.

> Thomas Tamis, a sophomore who took Biology I, said that he believed the labs were an important part of the class. He stated, "I learned more from the labs than from taking notes."

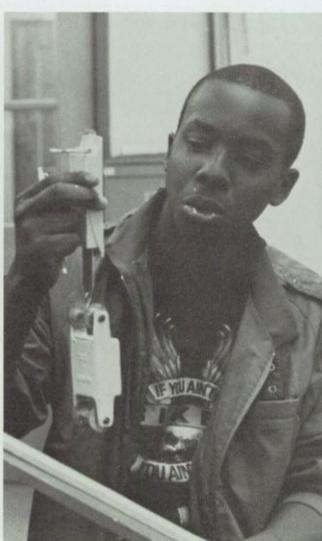

> Junior Melinda Moore, a Physics I student agreed. She added that the labs were "often pretty fun," and that her teacher had a part in making the class interesting.

> Rocks and complicated formulas were a major part of science classes, but many students found other learning experiences, such as classroom study and labs, very valuable and exciting.

> Accuracy counts! Kevin Whitner and Burt McBride use a graduated cylinder to determine the proper amount of water to use in a lab on photosynthesis.

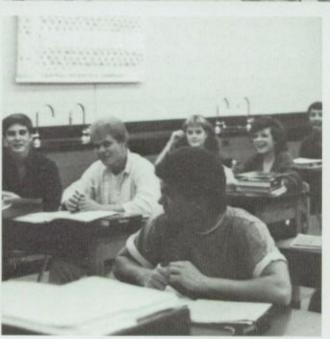

May the force be with you. Lawerence Bowens makes force measurements of his equipment to begin a lab on the inclined plane.

Comprehensive chemistry. Chemistry teacher Claudia Timmons describes the structure and bonding forces of atoms to her class.

Hardy souls. Biology students Phillip Tripp and Frank McCravy brave the unknown consequences of combining two substances in a class lab.

A time to listen. Mr. Frank Riddlehoover's biology class listens to a lecture on the human respiratory system.

6 In 1944, who invented the first computer that took up an entire room? Karl Babbage

Take a Byte of an Apple!

"Bleep! Blip!"

"What does this machine mean 'error in line 21'? What is it talking about?" This was just one of the many comments heard from students who

"Although working with computers has its disadvantages, they can be a big help when you're pressed for time ... especially when you're putting together a yearbook!"

-Laura Johnson-

took computer courses at Eastside.

However, no matter how frustrating computers can be at times, all manner of classes such as yearbook, science, and typing used the school computers. The yearbook staff used them to meet deadlines. These computers compiled er science, the student had to have work and made recording data much Doctor Latimer's permission.

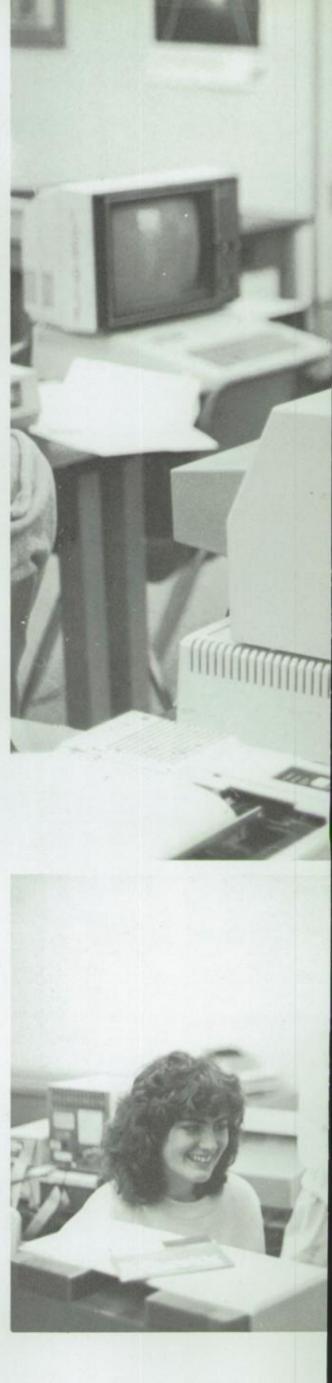

easier. The staff was also able to print their copy out which was simpler than writing out everything by hand.

Typing classes used the computers to develop word processing skills and science students found them helpful in research and experiments.

Another place that used a computer was in the library. The COIN computer was useful in obtaining information on colleges and occupations.

"It's a lot of fun and enjoyable but it can also be very frustrating," senior Shannon Murphy declared.

There were three computer classes in 1985-86. One was computer math which was taught by Debbie Crawford and computer science and Pascal taught by Alexia Latimer. Prerequisites for computer math stated that the student must have taken Algebra II. For comput-

"I'm so confused!" Senior Jeff Shirley ponders over his work in Dr. Latimer's computer science class.

@@***@ISenior Kristen Ellis pauses to think of what she will type in next in her program.

Computer dating at Eastside? Seniors Shannon Murphy, Honey Hunter, Jed Harvey take time out to socialize in class.

7 How many panels are on the ceiling of Mr. Ben Knighton's history classroom? 119 panels

Timely facts of the past

Important to today

The world is full of turmoil today. understanding of its relevance. The racial unrest in South Africa makes headlines. United Nations is floundering and some think on the verge of collapse.

The knowledge gained through the material covered in history is beneficial because it reflects reaction man's to future events."

-Kent Workman-

What courses at Eastside help students relate to these issues of today?

History teacher Ben Knighton points day," stated junior Brett Elder. out that racial issues have been involved in many historical events, and previous occurrences such as the failure of the League of Nations can be relevant to present day situations. However, in order to see these relationships, Mr. Ben Knighton ennunciates the importance of with the future. a good foundation in history and government. "Some students are often impatient in learning these foundations," adds Mr. Knighton in explaining that basic knowledge must come before

Many history classes were required to read newspapers, summarize the content of them, and write a paragraph on how it related to the United States. "By doing current events in history class, we became aware of the present issues that we were faced with daily and we were able to relate some of those events to the past," commented junior Melinda Moore.

"By doing essays in Advanced Placement U.S. History once a week on such topics as a historian's view of Jacksonian Democracy, I learned more about the origin of the government system and the political parties of to-

The courses at Eastside expose a student to the rise and fall of empires, causes and results of wars, and repetitive economic trends. Knowledge of these helps a student to understand the issues of the present and better cope

Another hot day. History teacher Terry Bruce pushes up his sleeves as he starts another lecture about world history.

"The amendments of the Constitution..." A.P. U.S. History teacher, Ben Knighton explains important aspects of history to his students.

Will you accept this for an A? Senior Mark Matore is giving Mrs. Pat Clark money for his senior dues.

Please be quiet. Martha Beckham, government teacher, raises her hand to hush the class before she begins teaching.

Smiling, history teacher Eddie Cisson checks in his grade book for the answer to Tonya Buchanon's question about her grades.

8 What were Oscars made of during World War II? Plaster

Not your ordinary class

It's different!

Confidence and expression of one's self was obtained from taking drama. Through acting and speaking in front of a class, a student can prepare for groups

"I heard from friends how fun the class was and I'm glad I took it. Drama is never boring. This class can help you overcome shyness of speaking in public."

-Lisa Kilby-

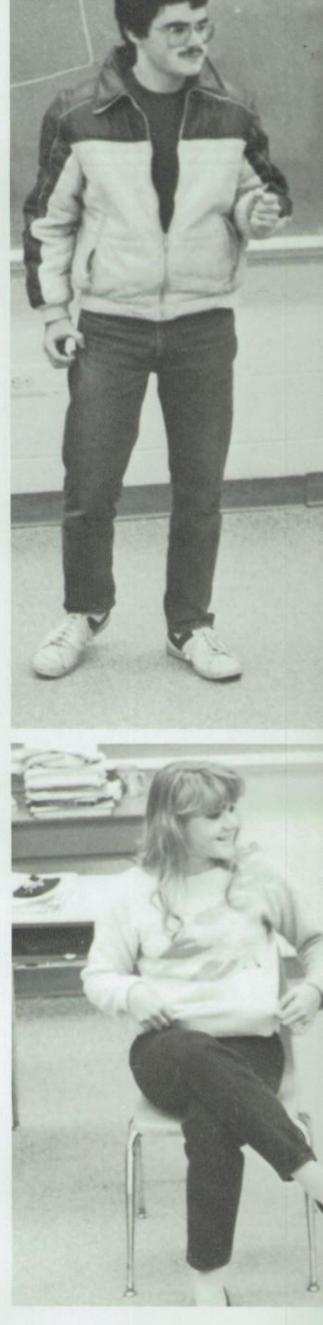

in the future.

Drama seemed to be a fairly popular class this year and a favorite according to Julie Sullivan. She remarked, "Mr. Dolge is such a fun teacher and his class puts me in a good mood for the rest of the day."

Acting out scenes, reading aloud to the class, performing skits, and emphasis on speech were part of the classes' daily activities. Brandi Goble commented on what she liked most about the class. She said, "Freezes. It's where two people start a scene and then someone in the class yells 'FREEZE' and they immediately start a brand new scene."

One benefitted much from taking drama stated one student. "I think it will help me in the future because the class has taught me how to stand up in front of a crowd, especially a group of peers. Also, I have learned to be 'myself' with other people," said Drama IA student Michele Ozzimo.

Drama is a class that enables a student, although he may not use it as a career, to improve himself or "just plain have fun".

"FREEZE" yells one of the students in the class while senior Eric Walkup and freshman Ray Vine act out a scene.

A helping hand as grandma Denise Goff is assisted by a friendly citizen Jenny Stirling.

What a cute baby! Caroline Towns holds a child during an act with Lauren Giles.

This old thing? I haven't a thing to wear! Lori Pagragan is asked out by Darin McMakin in a drama skit.

9 Why aren't the keys of a type-writer placed in alphabetical order? Because the most common letters are placed on the top row.

Who's business is it anyhow?

Ahead of the game

Many students who wished to work in an office upon graduating from high school may have taken such helpful classes as Accounting I and II, Business

"Taking accounting or any business classes in high school provides a good introduction to business courses."

-Donna Brown-

Law, Office Procedures, and Typing I and II.

Accounting classes prepared students for jobs like bookkeeping and accounting clerks. These classes were available to eleventh and twelfth graders. Another major function of the Accounting I classes was when the students kept books as if they were really working for a company. The students handled the money, wrote checks, and paid bills.

Typing was offered to sophomores, juniors, and seniors. Tim Forrester, a junior taking Typing I, commented, "Typing is a good class to take because when you have to type a paper, it won't

take three hours." A project that took place in Typing I classes every year was the job interview skits that the students put on. They divided into groups and one student was the job applicant and the other was the boss. Each student dressed the part he was acting. The students then were graded on their appearance, originality, and how well they executed their parts. Pat Clark, one of the typing teachers stated,"All the business classes are useful because they give students a chance to see what it's like in the business world. They get to work under pressure with meeting deadlines to get various financial records processed properly and accurately."

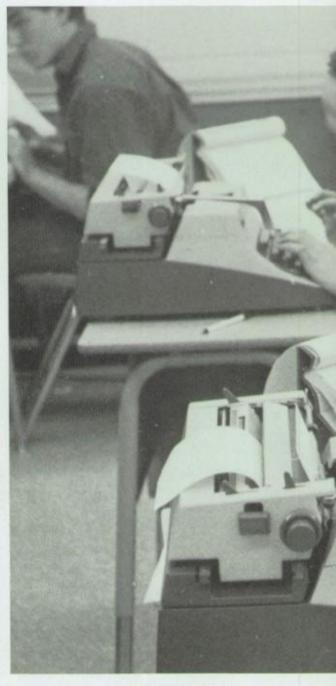

Two other courses open to seniors only were Business Law and Office Procedures. Business Law gave students an understanding of their responsibilities and rights as citizens.

dents handled the money, wrote cks, and paid bills.

Typing was offered to sophomores, ors, and seniors. Tim Forrester, a filing.

Office Procedures gave students first hand experience in using office machines and gave them the skills of filing.

Struggling to complete a classwork assignment, Pat Clark's accounting class works diligently.

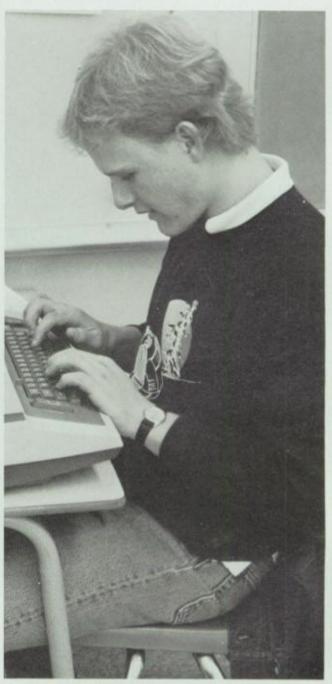

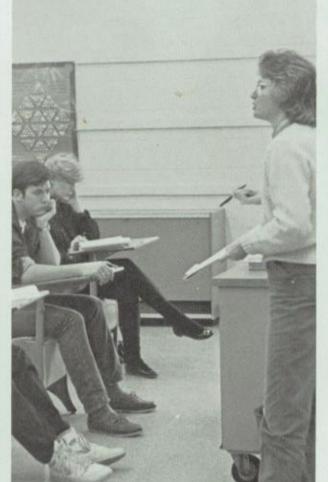

Sharpening his business skills, Russell Powell concentrates on improving his typing speed in Sarah Dunlap's typing class.

"Does this go here?" Senior Tricia Thomas learns how to file paperwork in her second period Office Procedures class.

Deep in thought. Mike Bullard listens intently in Sarah Dunlap's Business Law class as she goes over a homework assignment.

10 What's the most looked-at painting in the Louvre? The Mona Lisa

An expression of talent

A worthwhile class

Macaroni mania swept the Art III and create frames for pictures they made for

"I've taken art ever since kindergarten but I think I've learned many things during my four years at Eastside."

-Lisa Bukacek-

the school play "You Can't Take It With You". "I hate macaroni now!" remarked junior Connie Hartmann.

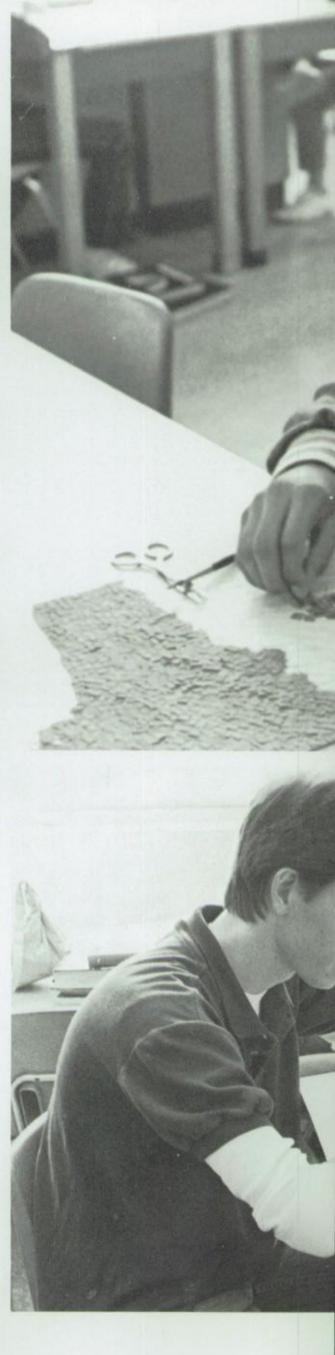

Many students took art just to have an easier course, while others adopted a more serious attitude and took the class as a learning experience. Paul Weathers said, "I've improved greatly over the past three years. I'm taking the course because it helps me increase my artistic ability."

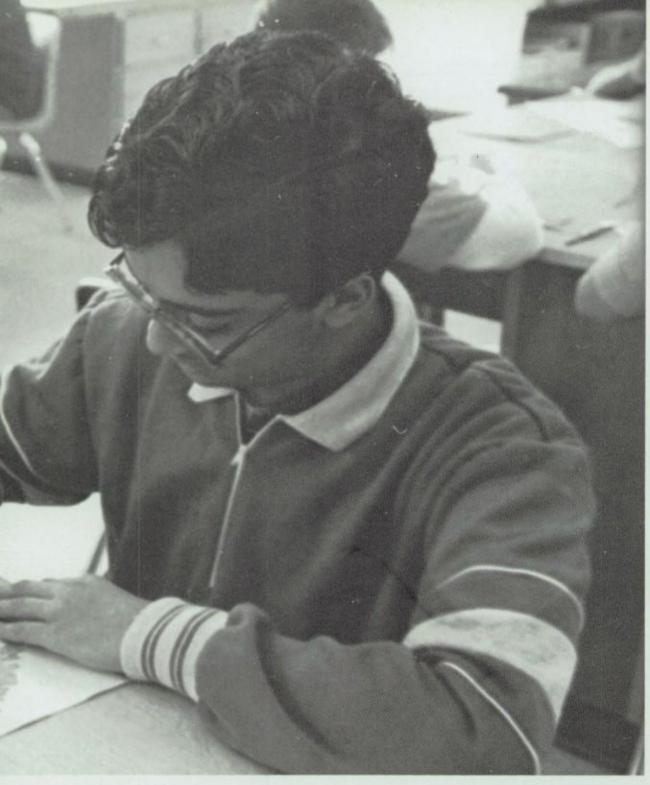

"We do many different projects and IV classes when they used macaroni to you learn a tremendous amount," remarked Art IV student Alison Powell. "I'm taking art so I can increase my knowledge of art and practice a valuable skill," added Kirk Chapman.

> The class taught many different techniques, two of which were stipling and charcoal shading. But pencil seemed to be the favorite. Paul Weathers commented, "I think you can make a picture more realistic with the shading and detail of pencil." "It's a very fine medium and isn't as limited as some of the others," said Kirk Chapman.

> Terri Ferrell seemed to prefer a different technique. She said, "I like to draw, but painting gives me a chance to experience different colors."

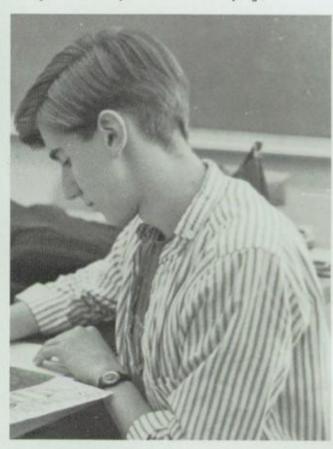

> Art not only taught many different techniques, but let the individual express himself and stretch his imagination.

Mosaic, a type of art where small colored pieces of paper are arranged to form a picture, was taught to Art I students like Raga lyer.

Concentrating, Mark Weathers works on achieving many shades of pencil for his art project.

Art II students, Mark Roper, Mark Foertsch, and Keith Bagwell, volunteer their time to work on a Christmas mural.

More detail? I Ted Moon looks doubtful as he tries to finish his pencil drawing.

11 What is the maximum weight load of the six tires on the driver's education simulator? 1870 pounds at 70 pounds per square inch.

The physically driving force

Diverse courses

schedule? Were you tired of the same successfully completing the course. kinds of courses such as English, math, and social studies each year? Well, the one of the reasons he took the class. 1985/86 curriculum again offered several different courses which involved out-

"Gym class is interesting to me because it teaches the fundamof many interesting entals sports."

-Scott Cathell-

of-the-classroom learning for those students interested. Two of these were driver's education and physical education.

Drivers education had three main parts: study of the South Carolina Drivers Manual, practice in a driving simulator, and actual driving where students put what they learned from the manual and simulator to use. The course also provided practice for the driving test that students would take to get their actual license.

In addition to this, driver's education in some cases provided for deduc-

Were you bored with your class tions on the auto insurance of those This, said sophomore Jack Fuller, was

> Jack added that the course offered other benefits. He said, "I think it's beneficial because it teaches you the rules of the road and everything else you need to know to get your license."

> Physical education taught students skills of a variety of sports and aided them in acheiving physical fitness. Students enrolled in the course learned the rules of many sports such as basketball, football, and vollyball, and, after taking a test on them, played the sports for several weeks.

> Freshman Ken Bauer said he liked the course, and added that it was a valuable experience "because it helped me become more agile."

> These classes allowed students to take a break from their normal routine and prepared them with experience which might later prove useful.

Getting ready to roll. Sandy Ligon prepares to embark on another automotive adventure in her driver's education class.

Above it all. Greg Golden puts up the ball for a basket in gym class while, Argintine McGowen, Wells Black, and Phillip Trip await the results.

Shooting above Pam Smith, Leslie Shetly shoots the basketball for a hopeful two points.

"Start your engines." Janice Dom listens to Coach John Carlisle's explanation on the proper use of the driver's education driving simulator.

12 What's been called "The Mother of the Arts"? Architecture

A class aimed for the future

Career choices

The future? All classes helped prepare for the future, but vocational classes helped one to develop a skill; a skill that involved the use of the hands in

"It is a very interesting class. I have learned about the basic drawings for draftings and architectural structures."

-Deron Edwards-

things such as auto mechanics, mechanical drawing, and home economics. Students were given these choices, in addition to family life, which presented the annual mock wedding and taught the importance and hard work of organizing a wedding.

Steve Paradis, a senior, chose mechanical drawing. He said, "I took the course to further my education in the subject of architecture and drafting. I have already learned how the basic designs of houses are put together."

Deron Edwards, also in mechanical drawing, added, "I think this class will help me in a drafting career."

These courses, plus many more, helped students put a skill to practice and decide on a career.

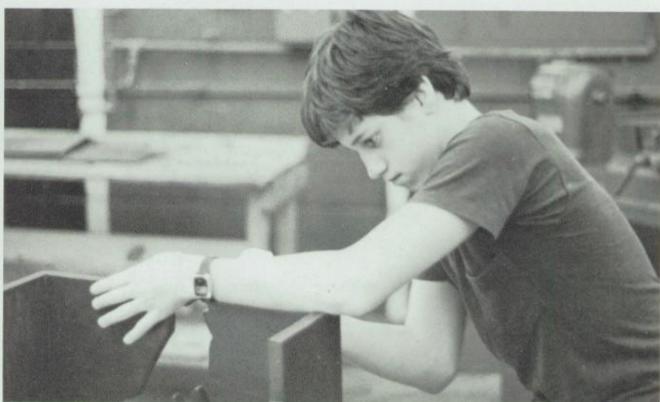

Kathy Davidson, a home economics student, commented "This course will help me be more responsible and understanding whenever a problem or crisis arises. The class is full of new things each and every day and keeps me interested at all times."

A book holder for the Christmas holidays. Steve Benson sands the edges of the finished project.

Safety is an important aspect of industrial arts. Trey Smith is very careful while sawing.

Holding the wood in place, Mike Mallay adds glue for an extra hold.

Sixteen Bits of Trivia

13 What classroom has a wall of orange, yellow, and black stripes? Mrs. McCorkle's classroom

Added school involvement

Spirited students

Special education students were made her feel important. not only busy in the academic field but also in getting involved in the 1985-86 ment by participating in the frisbee club. school year.

One responsibility the special education students had was putting up the

"Responsibilities make my special education students realize just how important they really are."

-Mrs. Brenda McCorkle-

school flag each morning. Freshman Kristy Long commented, "Even though it was cold outside on a lot of mornings, I enjoyed putting up the flag because it made me feel wanted."

Many of the students purchased a pep club card and displayed their school spirit at various pep rallies held throughout the year. Beth Sippel stated that cheering for her class at a pep rally

Tanya Clark showed her involve-

Beth Sippel displayed her school spirit by joining the annual Junior-Senior Powder Puff team.

Some of Brenda McCorkle's students competed in the Special Olympics on April 11, 1985 at Furman University.

Randall King placed second in the 50m dash with a time of 8.5 seconds. He also captured first place in the 400m dash.

Another participant, Beth Sippel, won fourth in the 50m dash. She also placed fifth in the girls' softball throw.

Tanya Clark defeated all of her opponents in the long jump with a jump of 5'10". She also placed second in the 50m dash.

Reaching his goal, senior Randall King smiles as he breaks the ribbon and captures first place.

Studying the literary classics, Beth Sippel and Kristy Long enjoy reading *The Odyssey*.

Proud of their accomplishments, Tanya Clark and Beth Sippel take time out to pose for a picture at the Special Olympics.

Concentrating on her assignments, Tanya Clark reviews the work Brenda McCorkle has given her.

After reading *The Odyssey*, Randall King and Tanya Clark eagerly take part in the discussion of the book.

Sixteen Bits of Trivia

14 What is the model of the individual filmstrip viewers in the library?

They are model 201 Standard.

A one-room variety show

Where? The library

There is probably only one place in the world where someone could sample Greek food and culture, enter an illegal "speakeasy" nightclub of the 1920's, be married by a French mayor, and travel

"I enjoy working in the library because whenever I go to they always have the materials I need."

-Regina Edwards-

back in time to the Victorian Era without ever leaving one room. This place was the school library. (Oh yes, it was also a good place to do research or check out a book to read.)

The library was a popular place to be whether it was for some class activity, catching up on schoolwork during a study hall, or reading a magazine during lunch. Probably the library's most 'popular' use however was that of research for class papers. Many students and faculty felt tht the library was wel-equped for this purpose, both with its staff and selection of materials.

Mrs. Carolyn Rice, one of the school's librarians, believed that the library was good for research. She attibuted this to the fact that the library staff was "involved with what the teachers did," and bought books according to what they were teaching"

Junior Adams Pinckney believed that the library was very useful. He said, "The librarians were very helpful when I was doing my English research paper."

Mrs. Rice and librarian Marylin Noel summed up the library's services by saying, "We try as much as possible to serve as many as possible."

Lunchtime pastime. Barbara Schinzing uses her lunch period to work on an English research project.

A typical lady of the 1920's Donna Brown, "snazzied" up for Mrs. Susan Burch's Great Gatsby Day listens to the class presentation in the library.

To each his own. Ken Cambell uses a study period to get ahead in his schoolwork while Mac Soule uses the time for reading.

Sixteen Bits of Trivia

16 Where did the Fine Arts students meet before leaving for the center? The cafeteria

A short trip To education

Learning the arts

Fine Arts Center! "Fine Arts," according to junior Kristy Armstrong, "was a place

"I'm taking a course at Fine Arts so I can go to a good university and major in photography. I hope to make a career as a wildlife photographer."

-Mark Porter-

to further educate those who wished to have a better understanding of the art field."

Kristy took a course in dancing, which included ballet and modern dance. She said, "I've danced for many

Where did some students go from years and hope to someday have a 9:00 to 10:45 instead of Eastside? The school of my own, if not to dance professionally. Going to the Fine Arts Center furthered my abilities."

The Fine Arts Center provided many opportunities like this for students who had already decided on a career or wanted to broaden their horizons in an area of study. Phillip Cater was interested in film and video. Phillip commented, "Fine Arts is an awe-inspiring array of young talent directed into the more prominent divisions of the arts. Even more so for film and video."

Taking a course at the Fine Arts Center allowed students to achieve three credits and gain advanced training in their special interest.

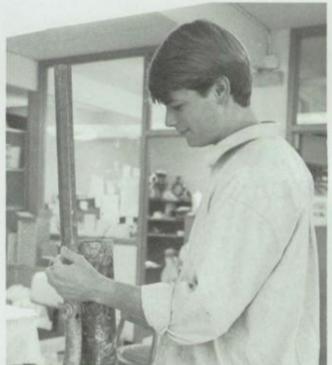

At work on her drawing board, Sandy Mullis works on a seven piece project of self portraits dealing with composition and color problems.

Working in the art department, Adams Pinckney prepares to ink his etching plates.

Pottery was one of the many things taught in the art department. Here, Chris Keown is extruding clay for a project.

A complicated bit of machinery! Phillip Cater, a senior, is busy at work at a special effects switcher, one of the eighty-four pieces of equipment in the film and video department at The Fine Arts Center.

Sixteen Bits of Trivia

16 How many bricks does it take to build an average fireplace? 567

Hands on experience

Jack of all trades

Where can you find everything from a plunger to a curling iron? The only possible answer would be Foothills Vocational Center. The Foothills Voca-

"Foothills is a great opportunity for high school students to learn a trade before they graduate. Electricity is an interesting class and I really enjoy it."

-Guy Richardson-

tional Center became the second vocational center in Greenville County when it opened in 1972. Foothills serves the northeast area of Greenville County and draws its students from not only East-side but also Blue Ridge, Greer, and Wade Hampton high shools. Students attend Foothills for three class periods per day, and their regular high school

during the other half of their school day. Senior programs are offered in the morning to allow those students who work to arrange their schedules accordingly. The afternoon programs are for juniors. All courses, except Health Occupations, are two-year programs. Students who successfully complete the junior programs are encouraged to continue their training the next year in the senior programs. The courses are electives, and three units of credit are given for each year of successful work.

The fifteen active and on-going programs continue to attempt to meet the needs of the students and the community, to train students so they can find their places in the business world or higher education, and to make the transition from the classroom to the world of work in a self-satisfying manner.

"I hear a strange noise," Senior Henry Montgomery tells junior, Chris Johnson. Henry watches as Chris points out the problem, in their auto mechanics class.

Watch out for flying sparks! Juniors Jerry Bateman and Guy Richardson are ready to get to work in their electricity class.

Practice makes perfect. Junior Michelle Todd flashes a big smile for the camera as she styles a friend's hair during her cosmetology class at Foothills Vocational Center.

Push the right button and... Senior, Paula Pate adjusts the position of a patient's bed . Paula is a student in the Health Occupations course offered at Foothills.

Councils = backbone of success

"The councils have several important jobs. We are the groups responsible for many different activities at Eastside.

-Scott Leonard-

Several different groups at Eastside participated in school government, community projects, and student activities. Four of these such groups were Representative Council, Student Advisory, Elections and Constitution Council, and the Citizen Advisory Council.

Representative Council was made up of homeroom presidents and vice presidents who were elected by the homeroom. They met once a month and kept the homerooms informed of different events around the school. Senior Beth Benston had charge of the Council whose projects included the annual Christmas door decorating contest and the collection of two gifts from each homeroom in order to help needy families during the holiday season.

Headed by Cara Bizell, Student Advisory Council's main goal was to improve communication between students and the administration. Several projects included decorating the teachers' lounges at Christmas and making Thanksgiving cards for the Red Cross Blood Drive and Brotherhood Week. A member of the council, junior Donna Brown, commented, "It's interesting to be able to do these things that are beneficial to the school.'

Elections and Constitutions Council, led by Leigh Ann Satterfield, was in charge of class officer elections and was responsible for counting the votes. Leigh Ann remarked, "I enjoy working with the council. It's a lot of fun."

Yet another council that was at Eastside was the School Improvement Council. Margaret Carlisle was in charge of the council which consisted of students, faculty, parents, and concerned citizens from the community. This council was responsible for assessing the needs of the school and making suggestions for improvements. The Natural Helpers program was derived from this

Time out! Representative Council takes a moment to goof off during one of their many meetings.

Listening intently, Elizabeth Berry, Lia Fugitt, and Sarah Miles ponder on what's being said during an Executive Council meeting.

"That's a good idea!" Mary Stanford tries to come up with new activities and projects for Eastside.

"New project underway?" Shannon Walston, Nancy McWhite, Cara Bizell, and Erin Bentrim discuss an upcoming event in a Student Advisory Council meeting.

What camera? Sophomore Anna Quattlebaum watches the speaker during a Representative Council meeting.

United efforts

Central Spirit joins Council

This is my first year on Executive Council, and I regret not getting involved before my senior year because it was really

-Rak Kellet-

Working hard to raise money and keep school spirit up by staying involved in various school activities, executive council served as a basis for unity in school government.

Executive Council consisted of all student government members, class presidents, and three representatives of each class. The advisor was Mr. Steve Morlan

Along with student body activities, school activities."

such as pep rallys, each class representatives in council concentrated on class fund raisers. For example, the sweatshirt, magazine, and cookie sales.

Executive Council met sixth period everyday. This year, Central Spirit with advisor Debbie Crawford, met with Executive Council to work together and share ideas. "Executive Council worked out well teamed with Central Spirit. It was good organization and planning on the part of both groups," commented Steve Morlan.

Leigh Ann Satterfield, Vice President in charge of elections and constitution, stated, "I've been on Executive Council the three years I've been at Eastside and I've enjoyed working with Mr. Morlan, and getting involved in school activities."

What's so interesting? Leigh Ann Satterfield, Mary Stanford, and Rak Kellet watch the classes cheer for the spirit stick.

Smiling while working, Laura Benston sorts out letters to post on the Freshmen bulletin board.

Working hard, Sophomore Karen Snyder puts together a banner for the Friday night football game.

\$25 - \$26 - \$27. Student body president, Debbie Zellman, sophomore Carlen Groce, and juniors Leah Broome and Edward Timmons count money raised during Wade Hampton week.

Discussing school activities, Central Spirit meets with Executive Council.

Spirit boosters

Promoting student involvement

"Central Spirit did a really great job this year. I played football and basketball and during the games I could feel the excitement from the students in the crowd." -Craig Frick-

School spirit "floated" all around the school and the community in 1985. Central Spirit, this year, worked even harder than in previous years to boost enthusiam among the student body. To honor the school's sixteenth birthday, Central Spirit, along with help of the thread" that was needed to increase student body, created and built a float school spirit among the students. for Homecoming activities. Again during

the Christmas season, they built another float, which the school entered in the city of Greenville's Christmas parade. Junior Crescent Williams commented "The floats really boosted school spirit because much of the student body had the chance to work on them all together. And then when everyone saw the finished products, we all had something to be proud of."

Central Spirit was responsible for planning all Homecoming activities and organizing all pep rallies for football and basketball games. Junior Cindy Krause said "Students showed more spirit during pep rallies because each one was different and better each time." Overall, Central Spirit provided the "unifying

A work of art, Central Spirit members Kassandra Britt and Lia Fuggitt begin a banner for the basketball pep rally before the Wade Hampton

At a surprise pep rally, Kassandra Britt along with the help of senior Brent Jones, holds the ring while "Elmo the Eagle" bursts through, making his grand entrance.

Hard at work, senior Beth DeHart rushes to put the finishing touches on the plans for May Day activities before the bell rings.

Central Spirit member Sara Miles works with Executive Council members Laura McHugh and Mary Stanford to organize the activities for Wade Hampton Week.

On his knees in front of the crowd, "Elmo the Eagle" promotes even more spirit among the students and faculty at a pep rally.

We're number one! Varsity cheerleaders and Eagle mascot, Mark Bagwell, displayed their spirit at the first pep rally.

Build a tower of Eagle power. The varsity cheerleaders perform at Haywood Mall in the Cheerwine Cheer-Off competition.

Cheerleaders

Boost spirits to the top

"Working with the squad keeps me feeling young because they're so enthusiastic, inspiring, and full of life."

-Mrs. Beckham-

We've got spirit. S-p-i-r-i-t . . . spirit. The main goal of the varsity cheerleading squad was to keep the student body spirit high. They found out, however, that while it was fun, it was also rather time-consuming.

They kept themselves busy by holding two after-school practices a week. These practices prepared them for the upcoming games in which they performed stunts, danced, and cheered. They received a great deal of participation from the fans, as well as enthusiasm from the players. Senior Beth Dehart commented, "The fan participation was

overwhelming this year. With the help of the Spirit Team and the crowd, we felt like we were cheering as one big squad."

Varsity cheerleaders soon became accustomed to cheering before crowds, when during football season they cheered once a week at games, while during basketball season they cheered twice a week.

The squad practiced many hours in preparation for several cheerleading competitions they attended. In the Haywood Mall Cheer-Off, which was sponsored by Cheerwine, they won first place and they were awarded second place in the Greenville Mall Cheer-Off. These competitions gave the varsity squad motivation and enabled them to work better as a team. Junior Anne Meunier stated, "We worked really hard over the summer, and when we won the Cheerwine Cheer-Off, we knew it was worth all the extra time and effort."

We've got spiritl Varsity cheerleaders demonstrate their award winning pom-pom routine for the student body.

Y-E-L-L, everybody yell, the varsity cheerleaders along with the help of the male spirit boosters perform a stunt during a basketball pep rally.

Concentration is the key, Trying hard not to fall, Aimee Vry climbs carefully on Mike Hand's shoulders.

Don't Fall! Varsity cheerleaders Anne Meunier and Scott Elmore try to concentrate above the noise at half-time during the Eastside vs. Riverside basketball game.

The Bottom Line

Guys-the power under a pyramid

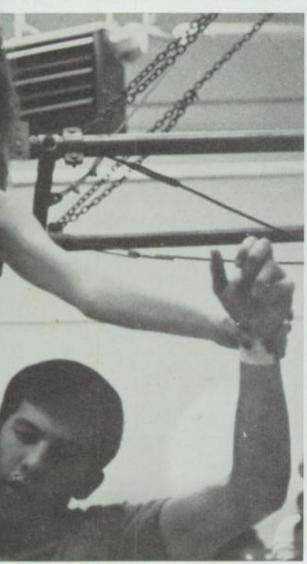

"Lifting those girls is harder than it looks, but helping promote more spirit in the crowd during the basketball games is well worth the sore muscles."

-Mark Johnson-

For most people, the picture of a varsity cheerleader is a cute girl in a uniform, bouncing around waving her pom-poms, cheering with the crowd. But to many to peoples' surprise, all cheerleaders are not female. During basketball season, the power and muscle behind the pyramids belonged to the male cheerleaders or spirit boosters. In order to perform many of their stunts the cheerleaders depended on the stength

and stability of their male partners. Junior, Anne Meunier, said "At the beginning, I was a little nervous about our new stunts with the guys, but after a few practices and getting used to our partners it was a lot of fun."

Contrary to what many people believe, the guys did not just volunteer for
this job. But like the girls, they had tryouts. The judges for theses try-outs were
Martha Beckham, varsity cheerleading
sponsor; Betty Workman, assistant principal; and Brodie Bricker,principal. Captain and co-captain of the squad, Mara
Levy and Ashley Pruitt were student
judges who had in-put in the final
choices. Senior Scott Elmore commented, "Trying out wasn't bad at all. All it
really was was answering questions that
Mrs. Beckham, Mrs. Workman, and Mr.
Bricker asked."

"You think you're so cool..." Parker Carlisle kids Edwin Beckham, as Mark Johnson watches on, at a brief morning meeting of the male cheerleaders.

Schoolhouse rock

Cheerleaders boost spirits

"Cheering on the squad gave me a chance to boost school spirit and have fun at the same time.

-Ellison Smith-

Eagles rock the house, eagles rock the house! That was exactly the task that was set before the Junior Varsity cheerleading squad as they began a new year of boosting school spirit during pep rallies and other athletic events held throughout the school year.

The squad was composed of four sophomores and three freshmen whose Ellison Smith, Kristina Walters, JoAnna responsibilities included cheering for the JV football and basketball teams, as well as leading the student body in spirit Bishop and Angela Walters.

stick competitions during pep rallies.

Long hard hours of practice, as well as time spent at cheerleading camps and in competitions were all part of the effort that went into preparing the squad for the year ahead of them. The JV squad's sponsor was Brenda McCorkle, who helped the girls choreograph the dance routines for the pep rallies.

Cheerleader Ellison Smith, a sophomore, added that "cheering on the JV squad gave me a chance to get to know the other girls better. It's almost like having a second family."

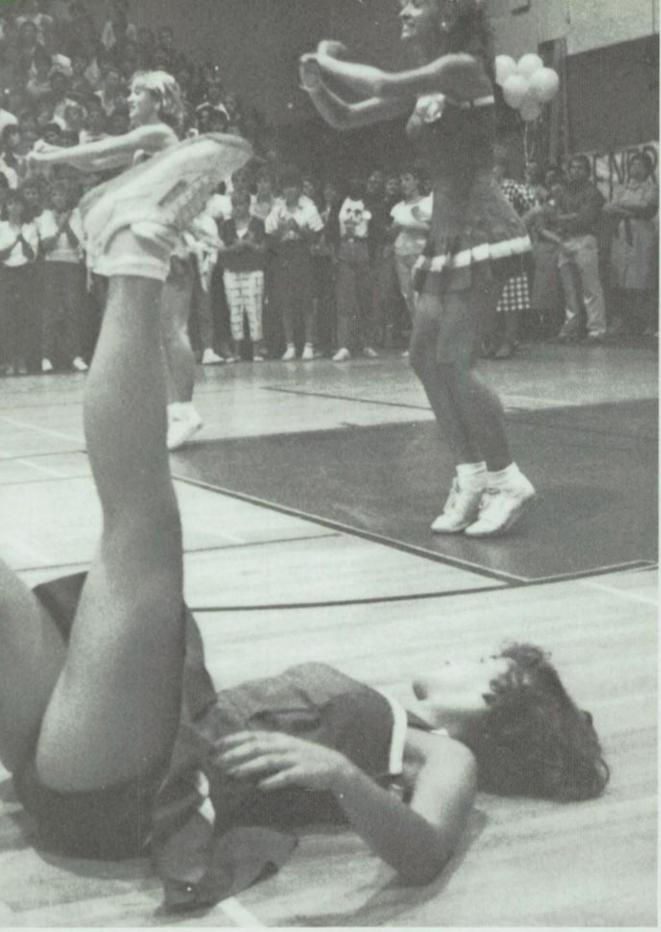

The squad was led by sophomores Taylor, and Lorry Goepper. Freshmen members included Mieko Fox, Tracy

Go Eagles! The JV cheerleading squad boosts Eagle spirits as they carry their prediction for the upcoming football game against rival school Wade Hampton.

Relax! The JV squad discusses a dance routine as they prepare to begin their daily afternoon practice in the foyer. The squad practices dance routines to use in upcoming pep rallies.

Watch that cuel JV cheerleader JoAnna Taylor performs her part of the dance routine prepared by the squad for the Wade Hampton Week pep rally.

Eagles rock the house! Freshman Tracy Bishop and sophomore Kristina Walters rock to the beat of the music during their dance routine in the Homecoming pep rally.

Waiting patiently, Ellison Smith, Angela Walters, Mieko Fox, and Kristina Walters prepare to lead the student body cheering in the Wade Hampton Week pep rally.

Serious Staff

Newspaper becomes more serious

"I enjoy working on the newspaper staff because journalism is my career choice. Being on the newspaper gives me good experience as a journalist." -Michelle Fox-

Who said putting together an issue of The Eagle's Cry wasn't hard? The staff of the newspaper along with advisor Marka Wilkinson put together nine issues of The Eagle's Cry during the school year.

each edition a little easier, but the process of getting each issue out was still the same. The staffers were given

their assignments, then had to research and write each article. After being proofread several times, the articles went to the printer. The staff then got the articles back to do the layouts. Finally, the paper went to the printer, The Greer Citizen, to be printed.

With editor Sandy Watkins, the newspaper staff tried something a little different. The paper was sold with the yearbook, and a more serious outlook was taken. The "soap bubbles" and horoscopes were dropped to add more informative articles.

"I read The Eagle's Cry a lot and The staff of twenty people made found it to be entertaining, with lots of information about the school and the community surrounding it," commented Yvonne Domaleski.

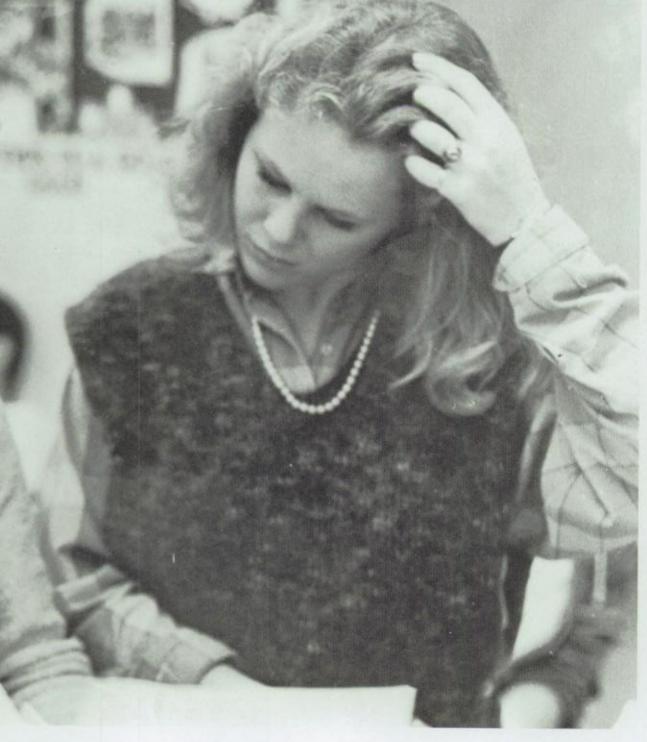

iscussing new plans, Marka Wilkinson, talks to e staff about the new issue of *The Eagle's Cry*.

I got it! Ms. Wilkinson discusses a new idea with staffers Michelle Fox, Michelle Dempsey, Stephanie Pollard, and Sandy Watkins

Surprise! Financial editor, Tricia Thomas looks happy as she receives a great big bear hug from Ms. Marka Wilkinson for a job well done.

Picky, Picky, Photographer Stephanie Pollard looks on as Ms. Marka Wilkinson critiques Stephanie's work.

After Hours

Staffers put in overtime

"The staff went through its' ups and downs, but their hard work will definitely pay off." -Rene Horton-

Who, at school, had almost as much to worry about as parents, besides the principal? The clear answer was the 1986 Aurea Aquila staff. Each staffer was responsible for turning in both preliminary and final deadlines on time. Failure to meet these specific deadlines meant not only a lower grade for the student but also a delay in the production and return of the yearbook. Each staffer's job was also more difficult this year because the size of the staff was smaller, and each student had to learn a new computer program. A smaller staff meant unity and cooperation were vital to the success of the yearbook. Junior staffer Stephanie Vry commented, "Having a small staff has its advantages. We're lucky. Everybody got along great, so to work together as a team wasn't hard at all."

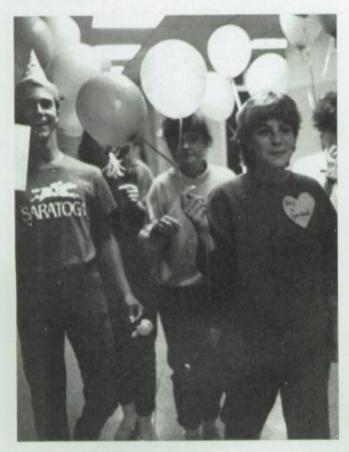

Co-editors, Laura Johnson and Nikki Pohl, were the coaches of this "team". They were the ones who, according to staff member Erin Bentrim, "Had almost all the answers and were

always willing to help."

The primary fundraiser for the yearbook staff was selling advertisements as well as professional and personal patrons. Editor in charge of finances, Patricia Smith, said "I was really pleased with the overall success of our sales campaign. We raised more money selling ads than any other Aurea Aquila staff in the past."

Staying after school, in order to finish their spreads, was not uncommon. Junior Laurie Fuller stated "It wasn't a choice of whether we wanted to stay or not. We always stayed after if our work was not finished, which sometimes ended up being three or four days out of the week."

The 1986 Aurea Aquila staff realized that producing a yearbook was more than taking pictures. A successful production took money, unity among the staff, afterschool hours, and most of all, hard work by everyone involved.

Happy Birthday to youl Juniors, Kent Burnette, Gina Fratturo, Erin Bentrim, and Stephanie Vry lead the yearbook staff in a parade through the halls in order to promote yearbook sales.

Up to her knees in paperwork, Junior Jyothsna Gavrula looks frustrated, after she learns her pictures are not ready.

Hard at work, co-editor Nikki Pohl gets ready to crop her pictures before finishing the lay-out for the opening pages of the 1986 Aurea Aquila.

And the winner is... Advisor, Rene Horton, and coeditor Laura Johnson, present an award honoring the 1985 Aurea Aquila to Bonnie Bridges.

Clowning around, junior staffer Erin Bentrim types her story on the computer and adds a little spice to class.

buried in her work, senior Laura Johnson looks back at previous yearbooks in order to compare and to get ideas for staffers' layouts and headlines.

Musically gifted

Eagles sing together in harmony

"Chamber Choir is like one big family. We get along and work really well together."

-Melanie Taylor-

Chorus: the "other sport." Chorus involved many students who had made at least a year's committment to sing, learn new selections, and strive to do their best.

The choral department consisted of three choirs: Chorus I, a beginning mixed; Chamber Choir, an advanced mixed; and Treble Ensemble, an intermediate to advanced women's choir. Director Steve Morlan commented, "What I like most about these choirs is that they are greatly affected by individuals."

The choirs stayed busy with three

major concerts at the school and a number of community performances. The Choral and Drama departments also produced the musical, *Oklahoma*. They prepared for these performances by working together on the notes and rhythm of each selection, then practicing in groups based on voice parts.

Many students found that they not only learned a lot in the choral department but that it was also a lot of fun. Junior Bill Hueble stated, "Along with sports, Mr. Morlan's music program has been my most enjoyable experience at Eastside." Senior Laura Kelly added, "I gained a lot of experience which I can apply to my future."

Mr. Morlan stated,"I worked with people who were interested in what they were doing, cared about the concert they were giving, and willing to work hard. Because the students were willing to commit the time necessary to do their best, this reflected them as individuals and Eastside as a whole."

Pausing before the next selection, Chamber Choir members prepare to sing for the parents and students.

Catching a breath, sophomore Rebecca Shaw and Junior Diane Gutierrez, members of Treble Ensemble, singing in the Christmas assembly.

While eyeing director Steve Morlan, Chamber Choir members practice harmonizing for their next concert.

One, two, three, and four. Director Steve Morlan keeps choir members on the beat by directing them during a concert.

"Dashing through the snow..." The Chamber Choir sang many Christmas songs to spread the holiday spirit to the student body.

Nifty notes:

Band, orchestra work together

"Bringing the band and orchestra together was a great idea because it produced a special sound."

-Allison Vry-

What was that unique sound? It was the band and Chamber Orchestra combined together to make a "full orchestra" or "symphony orchestra" sound. This was the first year that they performed together. Through the efforts of band director Bill Hyde and orchestra director Judy Bowman these two musical groups were brought together for the Christmas and spring concerts.

"I enjoyed working with the band and I hope that the orchestra will continue to play with them in upcoming years," expressed junior Claire Overton. Miss Bowman elaborated, "One of the major strengths of this year's Chamber Orchestra was the balance of instruments." This aided the involvement of the Chamber Orchestra in many performances including pit orchestra for the musical, Oklahoma.

Mr. Bill Hyde commented, "Although the band was small, we had an outstanding year due to the high level of musicianship and dedication among the members." The band received overall excellent ratings in the Pee Dee Classic Marching Contest, the State Marching Festival, and Byrnes Tournament of Bands. They were also involved in many concerts as well as the Greer Christmas Parade.

Junior Tricia Parsons stated, "Band is a way for me to become more confident in myself and gives me ability to get along better with people."

"All eyes on me," says band director Bill Hyde as he helps the students through a meter change.

Pick that fiddle! Katie Smith and junior Ember Deitz sharpen their style while demonstrating their poise.

Who put glue on this mouthpiece? Freshman Valerie Deitz negotiates a tricky passage in her selection.

Who's going to turn the page? Members of the Brass and Woodwinds section practice for an upcoming concert.

While practicing for the Winter Concert, the flutes and clarinets work on a difficult piece.

Musical hobbies

An expression of talent

"I've been singing for nine years and this year I participated in the Singing Christmas Tree. I had a lot of fun and it was a good experience. I met new friends and I'm hoping to participate in it again next Christmas."

-Melissa Ols-

Besides all the ballet, basketball, or even calligraphy lessons, some students put their extra effort and time towards a musical talent.

Hobbies as well as entertainment, extracurricular music such as Jazz Band and All-State Chorus, were some of the many organizations students participated in to exercise their talents. Violinist Muriel Arney, a member of the Greenville County Youth Orchestra, commented, "I like being a member of this orchestra because we get to travel a lot. Also, it's a good way to use your talent because you play harder, more challenging music."

Judy Studnicka has been playing the flute for five years and is a member of the All-County and All-State Bands. She said, "I enjoy playing the flute very much. It really means a lot to me. I feel a great sense of accomplishment whenever I play well. I am now considering music as a possible minor in college."

These extracurricular organizations were for exceptional players. It gave students a chance to use their hobbies and was furthermore, entertaining.

Practice makes perfect. Students practice for the musical "Oklahoma" to be held in the middle of March.

Region. First row: Jennifer Jones, Barbara Lewison. Back row: David Comer, David Price.

All-State Band. Chris Fields, John Turner, and Judy Studnicka.

All-County Band. Front Row: Lyn Mixon, Georgianna Parkman, Rachel Guffey, and John Turner. Second Row: Jennifer Jones, Judy Studnicka, Valerie Deets, Barbara Lewison, Tricia Parsons, and Clif Smith. Third Row: David Comer, John Hanson, David Price, Chris Fields, Richard Upton, Joanna Parkman, and Jonathan Marshbanks.

Skill-full clubs

Specialty interests spotlight

"Clubs were something interesting to do besides going to class."

-Greg Dewalt-

An activity schedule with non-homeroom reversal. What exactly did that mean? Well, it meant that the activity period would be longer than if the school was on a mini activity schedule with non-homeroom reversal. And, if the schedule fell on a Tuesday, and happened to accompany people bringing frisbees and strange-smelling foods to school, it meant one thing. It was time for another club day.

There were several kinds of clubs available for students in 1985-some to give students a chance to learn new skills or improve talent that they already posessed, some to aid in physical

fitness, and some which simply allowed students to pursue induividual intrests. Ms. Ginger Thomas, who was in charge of 1985-86 club days, believed the clubs were valuable because they gave everyone a chance to participate in "opportunities they don't normally get."

Clubs such as the Model U.N. and the Future Business Leaders of America were two clubs which taught students skills to help them in future life

The Model U.N. stressed knowledge of foreign affairs and helped develop debating skills. Club member Andrew Meunier said he joined for the debating experience it offered and, as he said, "I thought it would be a fun experience."

Junior Saad Shukur, of Future Business Leaders of America, said that he got satisfaction in being "part of a group that donates money to charity." In raising money, the club taught business principles to its members.

Clubs boring? Not really! Nikki Maulk, Aimee Vry, Anissa Hathcock, and Mrs. Bonnie Bridges have a laugh in Mrs. Bridges' Put Your Best Foot Forward Club.

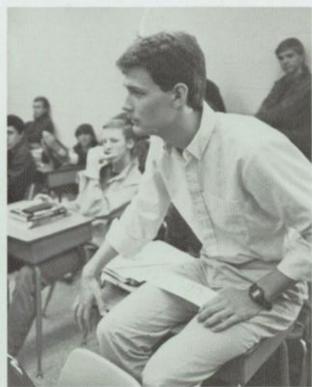

Taking a stand. John Nickerson, representing the USSR, speaks to Model UN delegates in favor of a resolution on terrorism.

Acting as delegates of foreign nations, Blake Goldman and Joe Bieker listen to a speech in the Model UN Club.

Self improvement. Dana Hall and Stacy Barnes learn to "dress for success" as memebers of the Future Business Leaders of America Club.

Who's a dummy? Elaine Means demonstrates different dress styles in one of the Future Business Leaders of America Club.

The next order of business. George Whitehurst, president of the Science Fiction Club, discusses future activities of the club.

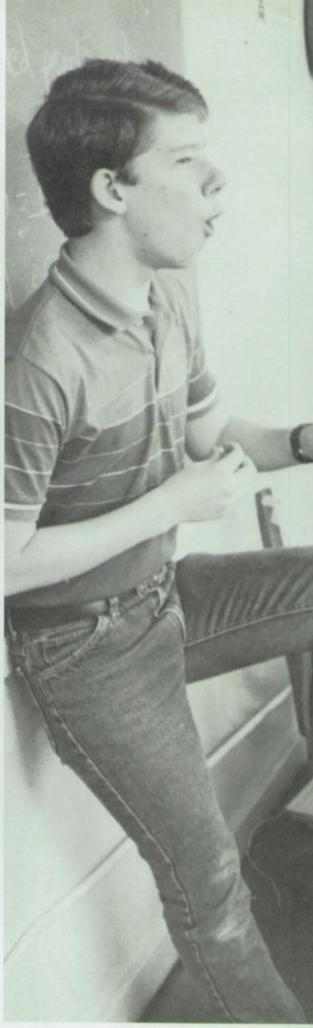

All in fun. Jason Moore and Will Smith practice moves they have learned in the Wrestling Club.

Remember when ... Jenny Sterling laughingly recalls the horseback riding trip she took in the Outing Club.

Physical faction

Specialty interests (cont.)

"Clubs give you a chance to learn something while you are having fun."

-Joe Mitchel-

Three clubs of which physical fitness was a valuable part were the Frisbee Club, the Weight Lifting Club, and the Wrestling Club. In addition to exercise, these organizations helped students become acquainted with the equipment and the proper way to do their individual activity.

Eric Hellman, the vice president of the Frisbee Club, said that he enjoyed the club because it allowed the participant "to vent many tensions and let him exercise at the same time." The club also provided the members with frisbeethrowing skills and recreation.

The Weight Lifting Club offered use of the weight room to those students who were interested in the activity, but might not otherwise get a chance to use the equipment. Junior Mike McMahon, who helped freshmen in the club learn to use the equipment, said that it was a "learning experience" and that it helped "improve yourself."

Scott Campbell, a sophomore who was a member of the Wrestling Club, said he joined because "it's a sport that takes aggressiveness." He added that members of the club learned different moves for different types of wrestling, such as freestyle and Grecco.

To eat or not to eat. Julie Bostic and Laura Hindman sample a foreign dish in the International Cuisine Club.

Presentation time. Members of the Travel Abroad Club attentively listen to a guest speaker during club period.

Boredom busters

Specialty interests (cont.)

"Clubs, when balanced with regular school learning, offer a complete education."

- Eric Hellman -

Finally, there were clubs, such as the Travel Abroad Club, Outing Club, and Science Fiction Club, which allowed students to simply learn about places and things which interested them.

Donna Brown, a member of the Travel Abroad Club, which taught members about foreign countries and travel, stated that she liked the club because "I'm very interested in traveling and I'd like to be informed about the countries before I actually go there."

The Outing Club gave members chances to participate in activities, such as camping, hiking, and horseback riding, that they might have little chance to do otherwise. Club member Jenny Stirling enjoyed the club because, as she said, "It's a time when a group of kids can get together and have a great time without drinking."

Alex Kidd, who joined the Science Fiction Club, stated that he chose it because "I've always liked science fiction." He added that the club planned activities such as a trivia contest and a party for the members.

So, the clubs were not only useful for finding a reason to have an activity schedule with non-homeroom reversal. Most students also found them to be an enjoyable break from class.

Bring on dessert! Brad Smith and Tommy LeGrande finish their samples of foreign food in the International Cuisine Club.

Skipping club period? No, Angela Walters is simply warming up for a day in the Weight Lifting Club.

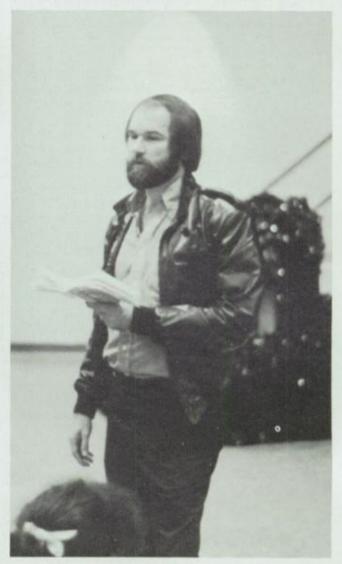

The rules of the game! Coach Frank Ridlehoover explains regulations in the Soccer Club.

Fetch it! Rod Carabello prepares to throw his frisbee as Patrick Chalkle and Timmy Johnson race to catch it in the Frisbee Club.

Clean-up time. Melisa Lethco, Libby Bell, and Ashly Forbes put away the leftovers in one of the International Cuisine Clubs.

Knowledge alight

Society ignites new flames

"Being inducted into NHS is an honor because it demonstrates that I have earned recognition for my personal achievements."

-Wendy Blanchard-

student body, faculty, and parents recognized 58 outstanding students as they were inducted into Eastside's chapter of the National Honor Society. NHS candidates qualified for scholarship, leadership, character, and service.

Based on firsts

A striking romp home

"Take me out to the ballgame..." is something Andy Carter has sung many times since he first started his baseball career

eight years ago.

Andy has played each of the four years he has attended Eastside. However, last year was a special for Andy and the rest of the team. For the first time, Andy was named all-region shortstop and helped take the team to it's first baseball play-off in the school's history.

When asked how he felt about his final season, Andy replied, "We have a good chance to go to the play-offs again this year if everyone works together."

Varsity baseball player Andy Carter smiles cheerfully as he takes part in one of the pep rallies.

"It's a homerun!" Richie Osbourne flings his bat in the air as Patrick Howell runs safely home.

"Way to go!" Patrick Hall eyes the ball and prepares to swing and bring all the players home.

"Hey batter!" Chris McMahon hits a double to right field against Wade Hampton while Andy Carter waits for his turn at bat.

Think fast! Scott Smith hurls the ball towards the batter and strikes him out.

Why baseball?

Years of practice

Eleven years was a long time, but sophomore Bill Hueble has played baseball since he was five years old. "It started with teeball," he said. "Later, my little league team almost went to the 13-year-old division of the Little League World Series, but we lost in the Southeast Regionals."

Unfortunately, Bill hurt his knees playing catcher years ago, but he still played on. This was his second year on the junior varsity team.

After eleven years of dedication to the sport, has he planned to become a professional? "Oh, no," Bill laughed. "I've actually gotten worse at baseball since eighth grade, but I still love it!"

Squinting in the sun. Bill Hueble has played baseball since he was five years old.

On base, Kent Workman (12) catches Bill Stone's pitch while practicing before a home game.

Out on the fairway

A valuable player

The golf team's sucess was partly due to one player that did particularly well-Michael Christie. Michael started high school on the right track by making most valuable player his freshman year. He said, "Golf's fun; you never know what to expect."

Practicing seemed to be very important in perfecting the game. "I practice every time I get a chance," Michael added. His father started him with the sport when he was five years old. Michael has been playing ever since and trying for another "most valuable".

Swoosh! Mike Christie, a most valuable player, makes a backswing. Jeff Ware was also a most valuable player.

Backhands, forehands, volleys, serves, and overheads were among the several things executed by the girls' tennis team during their practices.

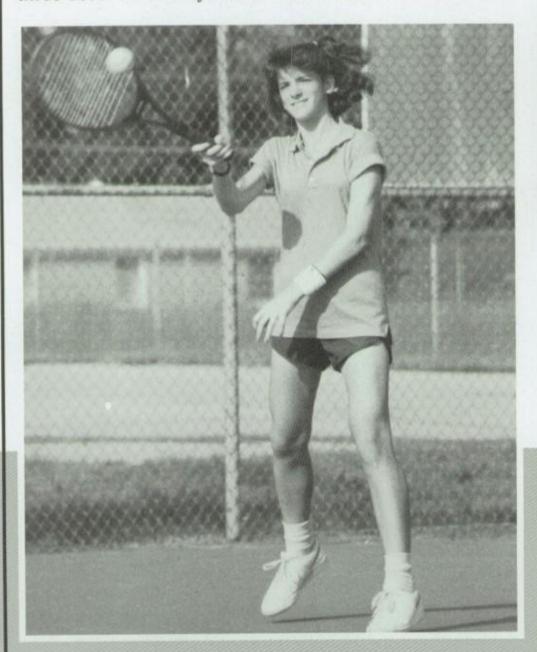

The girls' team, coached by Harvey Tankersly, had one of their best seasons finishing 10-0 in their region and 10-2 overall. The team made it to the first round of the state tournament but lost two matches to three against Union.

The team consisted of seniors Lisa Ann Smith and Sandy Mullis, playing the one and two positions, along with freshman Beth Smith, the number three seed. Juniors Jyothsna

Gavurla and Nicola Page with sophomore Sandy Ligon and freshman Jean Kristinik made up the two doubles teams, while junior Wendy Holman and sophomore June Twitty were alternates.

The girls shared the close feeling of friendship. They often went out to eat together after a match, and they all chipped in their money to buy coach Tank a present at the end of the season.

At the sports banquet Sandy Mullis stated, "I've really enjoyed playing tennis for Eastside for the past four years, and I'm going to miss Tank and the rest of the team."

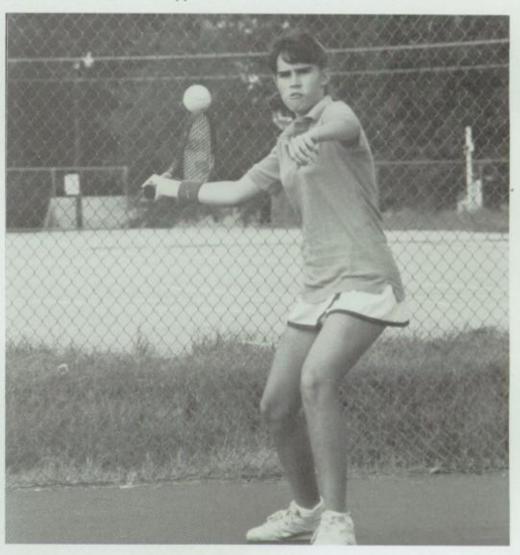

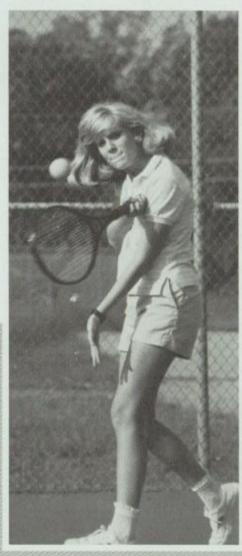

Baby Eaglet Jean Kristinik steps into the ball while hitting it for a winner.

Poised to strike! Senior Sandy Mullis, on her tippy toes, puts her energy into the ball.

Watch that ball! Sandy Ligon prepares to return the ball to her opponent.

Swinging through the ball, Wendy Holman practices her forehand before a match.

n the ball

On the top of things

Jennifer Lindell started playing volleyball because her sister played when she was at Eastside. Jennifer has played the three years she's been at Eastside.

Jennifer feels playing a school sport "helps a student to be more active in school activities and helps one to work not only with oneself, but to work with a team, as a team."

Other school sports Jennifer participated in were junior varsity girls basketball her freshmen and sophomore

Volunteer work at St. Francis Hospital, church basketball, and a part-time job at Eckerds kept her busy during her spare time when she wasn't at practices everyday after school or games on and Thursday Tuesday nights.

Jennifer commented, "the team supported each other most of the time, but that school support was much needed to encourage the team as was done for the and basketball football teams."

Study Hardl Junior Jennifer Lindell studies her Literature during homeroom.

Digging in, Julie Bostic hits the ball as Katrina Upton and some teammates look on with the expression of deep concentration on their faces.

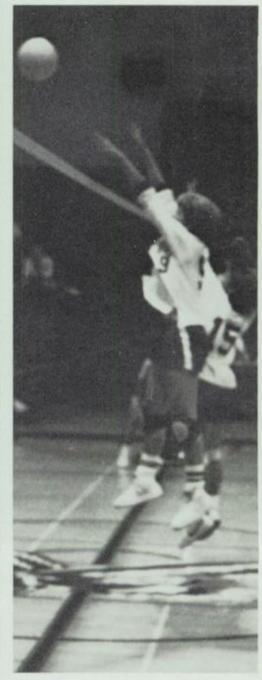

Stretching high, Sophomore Pam Smith reaches for the ball as Katrina Upton is ready to back her up and as junior Julie Bostic watches.

Bumping the ball, Freshmen Pam Smith returns her opponents serve as freshmen Sherry Spense and Katrina Upton watch carefully.

Jumping to great heights, Junior Julie Bostic and her teammate freshmen Pam Smith both jump to return the ball by spiking it.

Reaching for the ball, Pam Smith puts all her effort into returning the ball for the victory over Wade Hampton.

A year of transition

Football; family style

What could be harder than being a successful football player? Try being a successful football player on the team where your father is the head coach! That was exactly the task that was set before Parker Carlisle, son of the Eagles' head coach John Carlisle, as he began his senior year as a member of the Varsity football team.

Parker accomplished the task as the year progressed by earning player of the week awards with tackles, assists, and fumble recoveries being his strong areas. Parker, a defensive end, planned to attend the Citadel and try out for their football team as a walk-on player.

What a guy! Varsity football player Parker Carlisle smiles at the thought of the hardships encountered by all Citadel freshmen.

Breaking through the line, #16, Chip Copper, hurdles closer to the goal line.

Dedication day by day

During her first year at Eastside, junior Stephanie Harben wasted no time in getting involved. She ran right in to become a member of the cross country team.

She attended Spartanburg High School her freshmen year where she began running track and lettered on the varsity team as one of the top five runners during her sophomore year.

Stephanie stated that her brother got her interested in track. She commented, "He enjoyed it so much that he talked about it constantly," she added, "I've always wanted to be like him."

She attended Camp Chatuga, a cross country camp, in June. She ran three times a day, ten miles a day, for a week. She said that the worst thing about the practices were the speed work-outs, because she had to sprint a certain distance several consecutive times with only 1-2 minutes rest in between.

Running might appear easy to those who are not involved in the sport, but according to Stephanie, "it's not really that easy. It takes a lot of practice."

Smile for the camera. Junior Stephanie Harben takes time out from cross country practice to pose for a picture.

Shooting in, senior Jeff Cumbus flexs his muscles while taking down his opponent.

Warming up before a match, seniors Jeff Cumbus and Rak Kellett along with junior Timmy Johnson are stretching their neck.

Senior Charles Matthew tries to pin his Irmo opponent in the final stages of the match.

ommand Performance

Experience; the key

After four years at Eastside, some students may have become bored with the same routine, day after day. This, however, was not the case with senior, Kenny Titus. Kenny found a way to stay actively involved in school through varsity soccer and wrestling. He has kept a full schedule all four years in high school. In addition to playing varsity soccer for the Eagles during this time, Kenny has also played for other teams in the community. He remembers the best game he played as one between the teams from North and South Carolina, during a tournament which was held during the summer in

As a senior, Kenny feels a certain responsibility. He commented "I feel a responsibility as a more experienced player, and to try and use my experience to help the younger members on the team."

Hard work is what it takes to be a good player, according to senior, Kenny Titus.

Tryouts for the new season would be similar to the one of were held in mid-February. Eighteen players would be chosen for the varsity team. These eighteen guys would have to live up to theexpectations of everyone. On handling Because of the team's tremen- the added pressure, junior David Broderick commented, "With the loss of our seniors, the defense may be a little 1985 was the last year soc- weaker, but this year's starting offensive line-up will definitely There were definite advan- be able to make the differ-

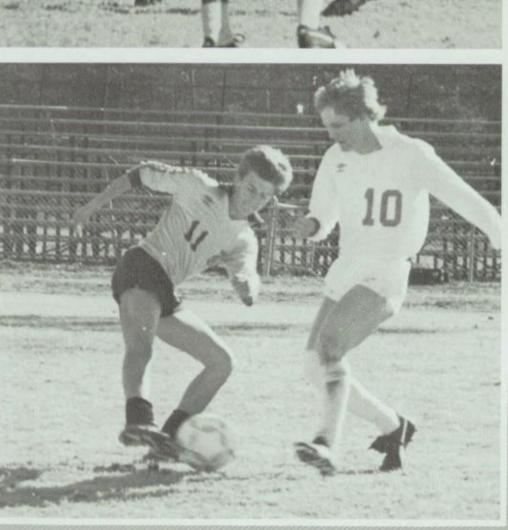

After scoring a goal, at practice senior Joe Satterfield walks past David Broderick and Jim Daniel as they figure out how to stop his next attempt.

No pain, no gain! Soccer can be a painful sport according to the look on Clint Gwaltney's face.

All alone. Left fullback, Todd Jordan dribbles the ball down the sideline during an afternoon practice before the team's first scrimmage.

Go for it! Junior, Hunter Richardson approaches his Daniel opponent, in order to steal the ball.

In an attempt to pass the ball upfield, center half-back, Kenny Titus dribbles past his Daneil defender.

Basket weavers inc.

Enjoyable Exertion

Many people choose to play basketball because it might offer a great deal of money as a professional. John Kaminski had a simple reason for playing the sport. He said, "I enjoy playing."

John played all four years of high school and played varsity for three years. He received several honors for basketball. He lettered in the sport and as a senior became Player of the Week for the game with Pickens.

John hopes to continue playing, stating, "I hope to get a scholarship for basketball."

Taking a break from writing his English paper, John Kaminski plans his strategy for the night's basketball game.

Double teamed. Andy Carter attempts to elude his defenders by passing to a teammate.

Hoops of high hopes

Basketfuls of glory

Boing, boing, boing. This is the sound of Becki Barbary and Susan Jewell showing off their talents as basketball players.

Susan was named to the all tournament team for Betra's Plastic Invitational and all-state for region AAAA while Becki received an all-state award for region AAAA and was also the Greer Citizen's Player of The Week.

For future plans, both girls want to play basketball at whatever college they decide upon. Susan decided upon Hofstra College in New York. She received a basketball scholarship to go there.

Becki stated, "This was my most enjoyable year." Susan added, "The team was like one big family. It was a great season."

Time for a break. Becki Barbary and Susan Jewell find a chance to socialize in the library.

ourt's in session

Dedication: In the hoop

Getting involved was not hard for freshman Jamie Sippel. She displayed Eagle spirit by becoming a member of the J.V. basketball team.

Jamie has had seven years of experience playing basketball. She used to live in Clarkdale, Mississippi, where she was involved with the city league for three years. Then when she moved to Greenville, she played at Shannon Forest Christian School for three years before coming to Eastside.

Jamie found that the worst thing about practice was running suicides. This consisted of sprinting from the foul line to the end of the court in a specified amount of time.

Jamie found that being on the team had several benefits. She said,"I have met more people and I have been able to get more involved in school activities."

Basketball is not her only hobby. Jamie Sippel also enjoys riding

Through the rim! Freshman Angie Boyette takes the inside shot off a fastbreak as two Wade Hampton players prepare to rebound.

Sink that shot! Freshman Jamie Sippel shoots two from the foul line.

Shooting for two, sophomore Denise Dupre takes a jump shot from the corner of the key as a Wade Hampton player goes up for the block.

ndampened spirit

Handling a Basket case

A basket case. That might be just what sophomore Jody Howard is. Jody has been playing basketball for an organized team such as church for nine years. This was his second year on Eastside's junior varsity basketball team.

Jody played forward on the team and wants to move on to the varsity basketball next season.

When asked about Coach Com's coaching ability, Jody declared, "Coach put everything into it. He gave the team his all and that helped get us motivated.'

Based on their record, the JV team had a rough season. Jody managed to keep a positive attitude, however. "I think that our record doesn't reflect our true talent. We've come a long way.'

Think hard! Sophomore Jody Howard concentrates what Betty Howard is saying in Algebra II.

GELPIAE GAD GELACIELPED

Sixteen years brought much change to the east side of Greenville. Greenville and Haywood Malls started the growth; now hundreds of new businesses, two hotels, and a new movie theater added to the area's skyline. Weekends found students working or just hanging around "the mall".

Community support was as big as the neighborhood's growth. An increased PTSA membership and many volunteers contributed their time and knowledge to improving the school. Senior Karen Driggers commented, "Without community support, Eastside couldn't do many of the things it does, such as May Day."

Donations to the Leukemia Society during Wade Hampton Week, the Natural Helpers program, a blood drive, gifts to needy families during Christmas, and a newly organized chapter of Students Against Drunk Driving were all ways the school served the community. We were definitely shining in the . . .

Find the Time

Sunday School at First Baptist Church, and raising a family, Mrs. Vera Mitchell still found time for Teacher Student Association.

Vera Mitchell stated, "One of the main objectives of the PTSA is to bring into closer relation the home and the school, so that parents and teachers may cooperate intelligently in the education of children and youth."

As president, some of her duties included: organizing committees, coordinating PTSA functions and projects between the board and school staff, presiding over the executive board meetings and PTSA meetings, representing the school at local, district, and state meetings, and seeing that reports,

Along with teaching sixth grade fees, etc. were turned in at the proper time.

Preparing for a PTSA meeting took much work. Mrs. Mitchell volunteer work. She served as coordinated the ideas of all the president of Eastside's Parent committees with the student representatives, staff, etc. She planned the agenda, had a board meeting prior to the PTSA meeting and made sure the date, time, etc. of the meeting or program was publicized.

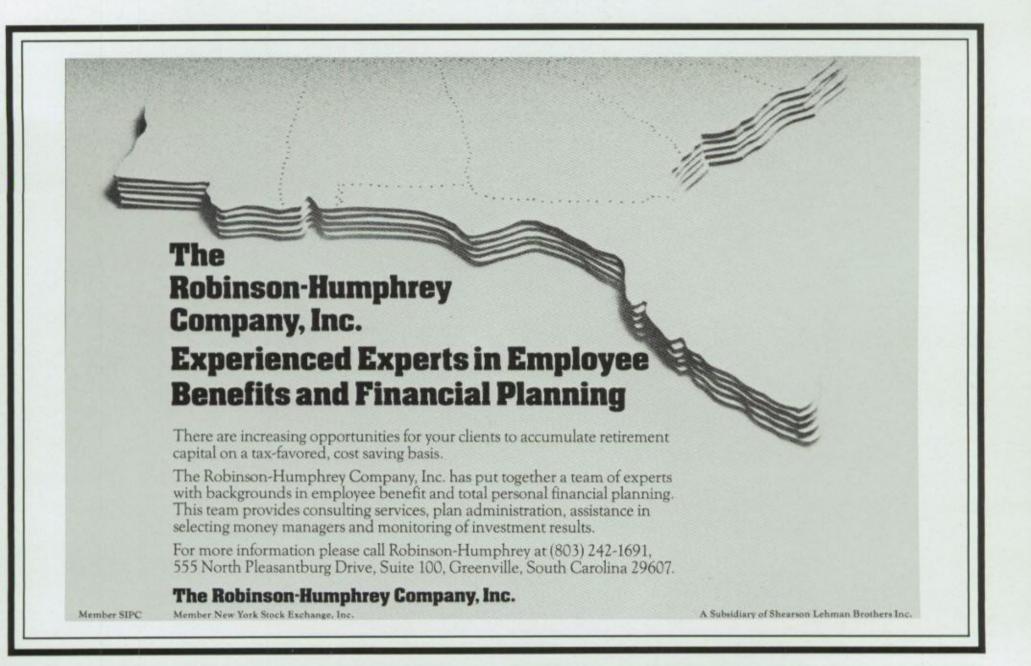

> Mrs. Mitchell expressed, "I would like to reach out and encourage more of our students and parents to join and participate in PTSA. I wish to continue our service projects and get more parents involved in the volunteer program. I would also like to meet our proposed budget and leave a well organized board for 1986-

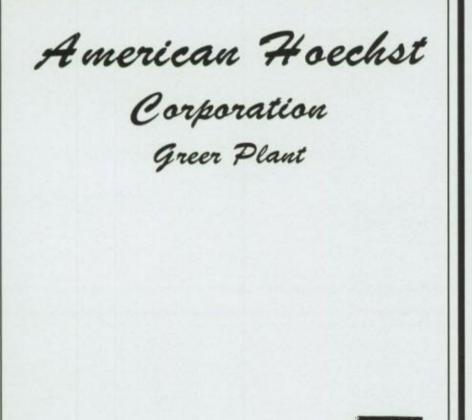

Sticky situation. Mrs. Vera Mitchell sticks labels on information to be mailed to senior parents during her volunteer hours.

The Popcorn Man

American snack-time food! side. For some students, it was as for the first time, the concession stand in the foyer opened up once a week.

Every Friday during both shifts, students flocked to the foyer to pay fifty cents for a box of freshly popped popcorn. Junior, Natalie Jones commented, "It was a change of pace from the vending machines and the cafeteria food."

Mr. Harry Leathers, known to most as "the popcom man," started helping out at Eastside in 1977 when his son Randy was a senior. After Randy's graduation, Mr. Leathers

Posing for a picture. Mr. Harry Leathers stands with his wife after selling concessions at a basketball game.

Popcorn! That great All- continued his work at East-

In 1984, when the cona major part of their lunch, cession stand opened up to sell popcom, Mr. Leathers was there to set up, make the popcom, and clean up afterwards as hundreds of students lined up to buy it. Junior J.C. Whitlock stated, "He was a nice man. He was always smiling and he always made sure everybody got served."

> In the fall of 1985, Mr. Leathers passed away. Faculty members remembered him as a kind, hardworking man who was a pleasure to be with and one whose dedication to the school was to be commended.

JUNIOR VARSITY CHERLEADERS

Gina, Laurie, and Steffie Rome, Italy

Myrtle Beach, 1985 Sun, Fun, and Guys!

A talented man

to describe a faculty member . . . Jim Slaton

Coach Slaton began his Greenville High School, where he also used to play. In 1965, he became J.L. Mann's first head football coach and remained there until 1977 when he came to Eastside.

with coaching Junior Varsity and C-Team football Slaton also coached the Varsity baseball team as well as girls' soccer. In addition, he was also actively involved officiating basketball games.

Mr. Slaton taught health and physical education, along with driver education. In addition to teaching and

A man of many talents. coaching, he worked as a That was certainly one way real estate agent, an insurance agent, and he was active in the armed services.

Friday, January 24th, career as a football coach at Eastside lost a valued teacher, coach, and colleague. Jim Slaton, age 47, died of complications resulting from a stroke. Coaches remembered Slaton as a "hard worker, driven by loyalty, pride, and military discipline." Athletic Director, Coach John Carlisle added, "Coach Slaton will always be remembered for his warm smile and willingness to help others no matter what the inconvience, and his dedication to home, family, and country."

Standing around. Coach Jim Slaton poses for a picture after school.

School opens with 700 students from three different schools.

1971

The stadium and press box were finished and the first Powderpuff game was played.

1972

Foothills Area Vocational Center opened and the first band uniforms arrived.

1973

New wing of classrooms added along with A.P. English and Business Law courses.

1974

Sociology, economics, and A.P. U.S. History classes were added to the curriculum. Tennis was the only competitive girls' sport.

1975

S.C. Association of Student Councils Convention held at Eastside and the school received a new coat of paint.

1976

Boys' varsity soccer team wins Upper State Championship and the first female student body president was elected.

1977

Football team wins State 4-A Championship and the first girls' softball team was formed.

Sixteen Bits of Success

1978

Golf team places 5th in the State Finals at Furman University.

1979

Gym classes are co-ed for the first time; the junior varsity football team splits to form J.V. and C-teams.

1980

Girls' tennis team wins the state 4-A Tennis Championship.

1981

Central Spirit is formed; computer math course added to curriculum.

1982

Wrestling team places 4th in the Greenville County and Region Tournament.

1983

Governor Richard Riley proposes the Educational Improvement Act; boys' varsity soccer team wins the State Soccer Championship.

1984

EIA is implemented so that a half hour is added to the school day.

1985

Boys' varsity basketball team becomes Up-State Champion while the soccer team wins State Championship again; school receives \$43,000 EIA grant.

A special thanks to all the students and faculty who donated their time and cooperation to help make the production of this yearbook possible.

a ELEWAE YEar

Shining on. 1986 was a year marking sixteen years of progress at Eastside. Our first year under the Education Improvement Act resulted in our receiving a \$43,000 plus grant from the state government to further improve education at Eastside. This grant was the largest given in Greenville County.

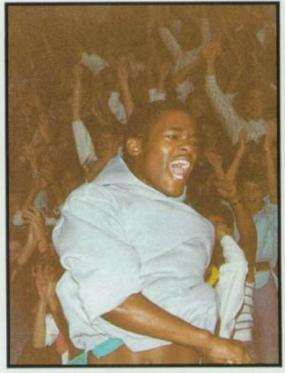

PSAT scores shot up as 70% of Eastside students taking the test scored above the state average. Scores also improved on the BSAP and the CTBS tests. Attendance continued to improve and students learned to report to class before the 8:15 tardy bell. The lower dropout rate was another criterion for receiving the grant.

Waste not, want not. Sherrie Rothermel and Debbie Parker use their time wisely to catch up on some studying during lunch.

Lunch at last! Senior Todd McLemore uses his free period to catch up on some reading while enjoying the early December sunshine.

Demonstrating renewed Eagle spirit, senior Joe Fuller struts his stuff during the spirit competition at the Wade Hampton pep rally.

Hurray for the red, white, and blue! Seniors Aimee Vry and Mary Stanford carefully raise Old Glory and the South Carolina state flag before school begins.

Touchdown! Varsity football players, Vincent Handy, Mims Camm, and Chris Wardlaw wait for the official signal as Eastside scored a touchdown against Easley.

Trying out the new Coke machine in the foyer, freshman Missy Forsyth awaits her turn as freshman Frank McCravy makes his choice

TEAL cont.

Under our second year of the EIA, students had adjusted to the new curriculum requirements and were able to participate in more extracurricular activities. Tim Johnson stated, "I knew I had to keep my grades up if I wanted to wrestle and play football."

1986 was also the first year that we sponsored a float in Green-ville's annual Christmas parade. We won first place in the parade for the best use of theme.

As Halley's comet left us and continued on its orbit, we celebrated our sixteenth year going beyond minimum requirements and remaining a shining success.

Braving the sub-freezing temperature, Greta Pepps, Elmo the Eagle (Mark Bagwell), Beth DeHart, Kevin Varner, and Mary Francis McHugh represent Eastside in the Greenville Christmas Parade.
